Hamar Foster, John McLaren

Sociology W Cd Canadian:

Sociology James M. Henslin, Keith Christopher Hampson, 2004 **Health and Canadian Society** David Coburn, Carl D'Arcy, George Murray Torrance, 1998-01-01 Health and Canadian Society provides a comprehensive overview of the relationship between health care and Canadian society. It is a wide ranging volume that moves from personal and micro concerns to a more macro and institutional focus. It includes chapters of a descriptive nature and others with a more explanatory intent. They have been selected from the major journals or have been expressly written for this book. Ninety five percent of the contributions are new to this edition. The chapters and the studies reported on are methodologically diverse ranging from ethnographic studies to statistical analyses of data from large national surveys. Though the chapters are written by anthropologists, economists, historians, political scientists and physicians as well as sociologists, they all have a sociological turn. Recognized as the standard textbook on the sociology of health in Canada, Health and Canadian Society is an essential reference for sociologists, health care providers, health administrators and policy planners.

Essays in the History of Canadian Law Hamar Foster, John McLaren, 1995-12-15 This sixth volume in the Osgoode Society's distinguished series on the history of Canadian law turns to the a central theme in the history of British Columbia and the Yukon: law and order. In the early days of British sovereignty the frenzied activity of the fur trade and the gold rush along with clashes between settlers and Natives made law enforcement a difficult business. Later, although law and order were more firmly established, tensions continued between the dominant populations committed to the practice and rhetoric of British justice and those groups owing allegiance to other value systems such as Native peoples, Asian immigrants and Doukhobors or those resisting authority, criminals and the criminally insane. These essays look at key social, economic and political issues of the times and show how they influenced the developing legal system. The essays cover a wide range of topics and explore the human as well as the legal dimensions of their subjects, relating specific cases to broader theory. They demonstrate that English law has been flexible enough to accommodate diversity and is therefore pragmatic. The volume also proves that there is no single Canadian legal culture: geography, demography, politics, economics and military considerations have had an impact on the shape of our legal culture. The introduction by John McLaren and Hamar Foster pulls together the many regional themes to provide a clear overview of the legal complexities of the period.

Canadian Education Wilfred B. W. Martin, Allan J. Macdonell, 1982 Continentalizing Canadian Telecommunications Vanda Rideout, 2003 In Continentalizing Canadian Telecommunications Vanda Rideout examines active political resistance to the radical neo liberal transformation of Canadian telecommunications that has been orchestrated by the federal government, big business and their powerful lobbyists over the last two decades.

Canadian Natural Resource and Environmental Policy, 2nd edition, 2005 This expanded and updated edition of Canadian Natural Resource and Environmental Policy examines policy making in one of the most significant areas of activity in the Canadian economy: natural resources and the environment. It discusses the evolution of resource policies.

from the early era of exploitation to the present era of resource and environmental management including the Kyoto Protocol Using an integrated political economy and policy perspective the book provides an analytic framework through which ideological perspectives administrative structures and substantive issues are explored R sum de l diteur **Family Change and Family Policies in Great Britain, Canada, New Zealand, and the United States** Sheila B. Brown, 1909 From 1900 to 1908 includes the Annual digest of Canadian cases decided in the Judicial Committee of the Privy Council in the Supreme and Exchequer Courts of Canada and in the courts of the provinces Edited by Edward B Brown **The Canadian Quandary** Harry G. Johnson, 2005 Harry G Johnson is best known as one of Canada s most respected economists particularly for his research on international trade and finance and monetary policy But Johnson was also a prolific and influential public intellectual A sharp and popular polemicist he wrote on a wide range of subjects from advertising to affluence to foreign investment and was published in Punch and The Spectator as well as all the leading economic journals The Canadian Quandary is a collection of unbuttoned pieces written in Johnson s witty and acerbic style between 1958 and 1963 Focusing on Canadian policy on trade and foreign policy the volume includes Johnson s classic dismemberment of the Canadian nationalist movement Although Trudeau s Foreign Investment Review Agency and National Energy Policy have been dismantled economic nationalism persists it is a testament to both the lucidity of Johnson s mind and the vigour and clarity of his writing that many of his opinions on this debate remain fresh interesting and relevant William Watson s introduction provides an intriguing look at Johnson s life and work

Racisms in a Multicultural Canada Augie Fleras, 2014-04-29 In acknowledging the possibility that as the world

changes so too does racism this book argues that racism is not disappearing despite claims of living in a post racial and multicultural world To the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit Racisms in a Multicultural Canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes Rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry This multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist strategies capable of addressing it Employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society
