Sociology The Core With Powerweb:

Michigan Sociological Review, 2005 **Sociology** Richard T. Schaefer, 2004 Three basic premises guide this highly successful introductory text first that theory and research must be both comprehensive and clear second that the text must show how sociology is relevant both to the study of society and to students lives and third that sociology can play a valuable role in teaching critical thinking skills To that end this solid well respected text combines a balanced three perspective approach with excellent student oriented examples and distinctive social policy sections in a concise presentation that offers an alternative to full length books Sociology Michael D. Hughes, Carolyn J. Kroehler, James Wilfrid Vander Zanden, 2002 Highly respected for its quality scholarship and its focused straightforward approach to Sociology the sixth edition of Sociology The Core returns to the core concept with tighter briefer more accessible presentation and a very accessible price Michael Hughes of Virginia Polytechnic State University and Carolyn Kroehler a professional writer have revised the work of James Vander Zanden who is now Emeritus Professor of the Ohio State University As in the previous editions the functionalist conflict and interactionist perspectives are applied throughout the book allowing students to develop a solid understanding of the major sociological perspectives and their applications to the topics covered Sociology The Core seeks to make sociology come alive as a vital and exciting field to relate principles to real world circumstances and to attune students to the dynamic processes of our rapidly changing contemporary society The authors have kept this book completely up to date including data from the 2000 Census whenever possible and new student examples capitalizing on students desire to read about issues of interest to them **Sociology, with PowerWeb** Richard T. Schaefer, 2005-12 Like its predecessors the tenth edition of this text reflects Rick Schaefer s mission to bring readers a comprehensive up to date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives Combining balanced coverage of theory with current research findings distinctive social policy sections examples of interest to students and abundant learning aids and exercises this text will help students develop a sociological imagination An optional package combines Schaefer Sociology with PowerWeb Tenth Edition and Reel Society Interactive Movie 2 0 CD ROM at nominal extra cost The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment the AIDS crisis welfare reform the death penalty and privacy and censorship in an electronic age Richard T Schaefer *Reel Society Interactive Movie CD-ROM Version 2.0* WILL Interactive, 2005-01-05 This unique interactive movie on two CD ROMs demonstrates the sociological imagination using actors and scenarios involving campus life Taking on the role of one of the characters each viewer takes part in key plot turns by making choices for the character Through it all a wide variety of issues and perspectives are addressed reinforcing major sociological concepts and theories relating them to students lives and sparking
