Sofia Petrovna:

Sofia Petrovna Lidii[a] Korneevna Chukovskai[a], 1989 *Sofia Petrovna* Лидия Корнеевна Чуковская, 1994 Sofia Petrovna is Lydia Chukovskaya's fictional account of the Great Purge Sofia is a Soviet Everywoman a doctor's widow who works as a typist in a Leningrad publishing house When her beloved son is caught up in the maelstrom of the purge she joins the long lines of women outside the prosecutor's office hoping against hope for good news Confronted with a world that makes no moral sense Sofia goes mad a madness which manifests itself in delusions little different from the lies those around her tell every day to protect themselves Sofia Petrovna offers a rare and vital record of Stalin's Great Purges

Cross-Cultural Reckonings Blanche H. Gelfant, 1995-01-27 Blanche H Gelfant's book Cross Cultural Reckonings both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts to fiction and autobiographies valued for their truth Drawing together an unusual combination of Russian American and Canadian writers the various essays of this book provide new and original perspectives upon the puzzling issues of national identity of historical change and continuity of gender and the integrity of literary genres the boundaries between text and context and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth To avoid the contingencies inherent in binary comparisons the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts Multi faceted non linear and open ended such a form might allow the academic essay to recover a waywardness that traces back to Montaigne cited in prefatory notes and to the etymological meaning of the essay as an exagium or weighing as an act of reckoning A study at once elegant erudite and personal Cross Cultural Reckonings reckons with writers of different backgrounds and reputation in whom Gelfant discovers surprising affinities among them the Russian writers Lydia Chukovskaya Natalya Baranskaya and Alexander Solzhenitsyn Ethel Wilson a highly reputed Canadian writer the famous cross cultural figure Emma Goldman and established as well as new or rediscovered American writers such as Willa Cather Saul Bellow Arlene Heyman and Meridel Le Sueur These writers are discussed singly and in comparative essays each of which is discrete and self contained while all interconnect and reflect upon each other as exemplary demonstrations of cross cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books *Women's Works in Stalin's Time* Beth Holmgren, 1993 Holmgren gives a superb comparative analysis of the literary legacy of the two memoirists Times Literary Supplement Beth Holmgren's book is a highly original and very productive critical appraisal of the work of Liikii Chukovskaia and Nadezhda Mandelstam The Russian Review This fine book with its copious informative notes and good bibliography will interest students of 20th century literature and theorists of autobiography feminist criticism and gender studies Choice a fascinating book that provides a powerful testament to the strength and endurance of women in a particularly ghastly period of history Signs impressive eloquently written an integrated comparative study of two very different female survivors of the Stalinist night Caryl

Emerson a bold scholarly act The writing is excellent throughout Barbara Heldt Two extraordinary women writers are evoked as models of women s heroic roles in preserving Russian culture in Stalin s time A fresh and eloquent approach to the literature of the Stalinist age *Reference Guide to Russian Literature* Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *The Red Jester* Judith Wermuth,2012 What was Andrei Bely s aim in his ambiguous novel Petersburg For the first time this study firmly places Bely s work at the heart of the European Modern die Moderne The book argues that the novel with its concern for the spiritual and its desire to create new aesthetics helped reshape fundamental views of reality of the Self and of consciousness Theories of Freud and Jung as well as the aesthetics of the Viennese Secession are used to elucidate Bely s approach to the narrative The book also presents Rudolf Steiner s anthroposophy as the prism through which Bely reflects modernist ideas Series Slavistik Vol 1 *Tamizdat* Yasha Klots,2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev s Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The Russian literary diaspora was the indispensable ecosystem for these works Yet in the post Stalin years they also served as a powerful weapon on the cultural fronts of the Cold War laying bare the geographical stylistic and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature one at home the other abroad Open Access edition funded by the National Endowment for the Humanities **Petersburg** Andrei Bely,2010-09-07 Set in Saint Petersburg during the Revolution of 1905 this classic of Russian literature draws comparisons to James Joyce s Ulysses for its display of symbolism and humor After enlisting in a revolutionary terrorist organization the university student Nikolai Apollonovich Ableukhov is entrusted with a highly dangerous mission to plant a bomb and assassinate a major government figure But the real central character of Petersburg is the Russian capital itself caught in the grip of political agitation and social unrest at the beginning of the twentieth century Intertwining the worlds of history and myth and parading a cast of unforgettable characters Petersburg is a story of

apocalypse and redemption played out through family dysfunction conspiracy and murder The most important most influential and most perfectly realized Russian novel written in the 20th century The New York Times Book Review

Petersburg Andrey Bely, 1978 Taking place over a short turbulent period in 1905 Petersburg is a colourful evocation of Russia's capital a kaleidoscope of images and impressions an eastern window on the west a symbol of the ambiguities and paradoxes of the Russian character History culture and politics are blended and juxtaposed weather reports current news fashions and psychology jostle together with people from Petersburg society in an exhilarating search for the identity of a city and ultimately Russia itself

Resilient Russian Women in the 1920s & 1930s Marcelline Hutton, 2015-07 The stories of Russian educated women peasants prisoners workers wives and mothers of the 1920s and 1930s show how work marriage family religion and even patriotism helped sustain them during harsh times The Russian Revolution launched an economic and social upheaval that released peasant women from the control of traditional extended families It promised urban women equality and created opportunities for employment and higher education Yet the revolution did little to eliminate Russian patriarchal culture which continued to undermine women's social sexual economic and political conditions Divorce and abortion became more widespread but birth control remained limited and sexual liberation meant greater freedom for men than for women The transformations that women needed to gain true equality were postponed by the poverty of the new state and the political agendas of leaders like Lenin Trotsky and Stalin
