The Soft Revolution Neil Postman, Charles Weingartner, 1971 **The soft revolution** Neil Postman, 1971 **The Soft Revolution** Neil Postman, Charles Weingartner, 1971 **The Change Agent's Guide to Innovation in Education** Ronald G. Havelock, 1973 **The Socially Just School** John Smyth, Barry Down, Peter McInerney, 2014-07-08 This book explores schools and how they can function as social institutions that advance the interests and life chances of all young people especially those who are already the most marginalized and at an educational disadvantage Social justice is a key theme as the book examines the needs of youth the concept of school culture school community relations socially critical pedagogy curriculum and leadership and a socially critical approach to work The Socially Just School is based upon four decades of intensive writing and researching of young lives This work presents an alternative to the damaging school reform in which schools are made to serve the interests of the economy education systems the military corporate or national interests Readers will discover the hallmarks of socially just schools They educationally engage young people regardless of class race family or neighbourhood location and they engage them around their own educational aspirations They regard all young people as being morally entitled to a rewarding and satisfying experience of school not only those whose backgrounds happen to fit with the values of schools They treat young people as having strengths and being at promise rather than being at risk and with deficits or as bundles of pathologies to be remedied or fixed They are active listeners to the lives and cultures of their students and communities and they construct learning experiences that are embedded in young lives This highly readable book will appeal to students and scholars in education and sociology as well as to teachers and school administrators with an interest in social justice **Students As Real People** Rob Anderson, 1979-01-01 A teacher of communication expresses his concern for thousands of students who are cheating themselves out of a worthwhile education by falling into the accepted role of nonperson uninvolved in the education process In this book the author fosters a belief that success or failure in college depends on communication interdependent efforts of people in a relationship to generate common meaning He proposes to get students to realize that their education is something other students can help them develop as much as teachers The author uses a personal style of writing to talk with the students He uses examples from the students immediate campus environment in challenging them to question their roles in the educational process Written for and tested in interpersonal communication courses the book is also appropriate for teacher education courses orientation to college life courses and for college counseling centers **Alternative Futures in American Education** ,1972 Shame the Devil Wayne J. Guglielmo, 2023-04-15 When the press loses sight of truth and falls prey to bias American press critics push back to safeguard our free and democratic nation Journalists are no strangers to criticism and some have even seen disagreements turn to outrage and acts of violence There is another history of press criticism though This one as a rule doesn't resort to physical threat or denunciation Nevertheless it can be merciless when critics think the press has become too

slanted in one direction has fallen short of some ideal is too concentrated for its own good or seems to be underreporting or ignoring some critical story of the day Shame the Devil is a sweeping look at this other history Beginning with Walter Lippmann rightly regarded as the first modern press critic Shame the Devil provides a chapter by chapter profile and analysis of his successors Many critics work within the profession of journalism while some consider it from the outside These include George Seldes A J Liebling Ben Bagdikian Reed Irvine Neil Postman and Noam Chomsky A concluding chapter brings together a diverse group of contemporary critics including Sharyl Attkisson Brooke Gladstone Eric Deggans Amy Goodman Janine Jackson and Candace Owens Merging history biography and a candid analysis of various critical points of view Shame the Devil moves from press commentary in the bitter aftermath of World War I to the head spinning paradoxes of the post truth era Throughout some of America s best critics contend with both the big events of their day and the big issues of journalism to ask the always vital question How can the press help to create and sustain a more democratic society
