Solace Of Open Spaces:

The Solace of Open Spaces Gretel Ehrlich, 2017-02-21 These transcendent lyrical essays on the West announced Gretel Ehrlich as a major American writer Wyoming has found its Whitman Annie Dillard Poet and filmmaker Gretel Ehrlich went to Wyoming in 1975 to make the first in a series of documentaries when her partner died Ehrlich stayed on and found she couldn't leave The Solace of Open Spaces is a chronicle of her first years on the planet of Wyoming a personal journey into a place a feeling and a way of life Ehrlich captures both the otherworldly beauty and cruelty of the natural forces the harsh wind bitter cold and swiftly changing seasons in the remote reaches of the American West She brings depth tenderness and humor to her portraits of the peculiar souls who also call it home hermits and ranchers rodeo cowboys and schoolteachers dreamers and realists Together these essays form an evocative and vibrant tribute to the life Ehrlich chose and the geography she loves Originally written as journal entries addressed to a friend The Solace of Open Spaces is raw meditative electrifying and uncommonly wise In prose as expansive as a Wyoming vista as charged as a bolt of prairie lightning Ehrlich explores the magical interplay between our interior lives and the world around us Newsday The Solace of Open Spaces Gretel Ehrlich, 2019-03 A stunning collection of personal observations that uses images of the American West to probe larger concerns in lyrical evocative prose that is a true celebration of the region Study Guide for the Solace of Open Spaces by Gretel Ehrlich Janet Lee Jacobsen, 1986 **The Norton Book of Nature Writing** Robert Finch, John Elder, 1990 W W

Norton is pleased to announce that The Norton Book of Nature Writing is now available in a paperback college edition

Summary of Gretel Ehrlich's The Solace of Open Spaces Everest Media, 2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The state of Wyoming is known for its openness It is a land of wind and rattlesnakes but it also has a lot of nothingness which can be difficult to navigate But it doesn't affect me at all 2 Wyoming is a state full of contrasts It has the look of a harsh and deserted place but its inhabitants are very welcoming and cooperative 3 The western states of Wyoming and Montana are home to a tradition of good naturedness that is concomitant with severity The isolation in which people live makes them quiet and they telegraph thoughts and feelings by the way they tilt their heads and listen 4 The laconic style is a result of shyness There is no vocabulary for the subject of feelings so people hold back their thoughts in what seems to be a dumbfounded silence then erupt with an excoriating perceptive remark

Narrating the American West, **Refiguring the Map of Sorrow** Mark Christopher Allister, 2001 This study brings together the genres of autobiography and environmental literature It examines a form of grief narrative in which writers deal with mourning by standing outside the text in writing about the natural world and inside it in making that exposition part of the grieving process *SOLACE OF OPEN SPACES*. GRETEL. EHRLICH, 2019 *Open Space New Media Documentary* Patricia R. Zimmermann, Helen De Michiel, 2017-11-22 Open Space New Media Documentary examines an emerging and significant area of documentary practice in the twenty first century community based new media documentary projects that

move across platforms and utilize participatory modalities The book offers an innovative theorization of these collaborative and collective new media practices which the authors term open space gesturing towards a more contextual critical nexus of technology form histories community convenings collaborations and mobilities It looks at a variety of low cost sustainable and scalable documentary projects from across the globe where new technologies meet places and people in Argentina Canada India Indonesia Peru South Africa Ukraine and the USA **The ISLE Reader** Michael P. Branch, Scott Slovic, 2003 This volume gathers nineteen of the most representative and defining essays from the journal ISLE Interdisciplinary Studies in Literature and Environment over the course of its first ten years Following an introduction that traces the stages of ecocriticism's development The ISLE Reader is organized into three sections each of which reflects one of the general goals the journal has sought to accomplish The section titled Re evaluations provides new readings of familiar environmental writers and new environmental perspectives on authors or literary traditions not usually considered from a green perspective The writings in Reaching Out to Other Disciplines promote cross pollination among various disciplines and methodologies in the environmental arts and humanities The writings in the final section New Theoretical and Practical Paradigms are especially significant for the conceptual and methodological terrain they map The ISLE Reader documents the state of research in ecocriticism and related interdisciplinary fields provides a survey of the field and points to new methodologies and possibilities for the future
