Soledades Gongoras Masque Of The Imagination:

The Soledades, Góngora's Masque of the Imagination Marsha Suzan Collins, 2002 Prince of Darkness or Angel of Light The pastoral masterpiece the Soledades garnered both titles for its author Luis de G ngora one of Spain s premier poets In The Soledades G ngora s Masque of the Imagination Marsha S Collins focuses on the brilliant seventeenth century Spanish poet s contentious work of art The Soledades have sparked controversy since they were first circulated at court in 1612 1614 and continue to do so even now as G ngora has become for some critics the poster child of postmodernism These perplexing 2 000 plus line pastoral poems garnered endless debates over the value and meaning of the author s enigmatic challenging poetry and gave rise to his reputation causing his very name to become an English term for obscurity Collins views these controversial poems in a different light as a literary work that is a product of European court culture **Luis de Góngora and Lope de Vega** Lindsay G. Kerr, 2017 Traces the processes and paradoxes at work in the late parodic poetry of Luis de G ngora and Lope de Vega illuminating correlations and connections Góngora's Soledades and the Problem of Modernity Crystal Anne Chemris, 2008 G ngora s Soledades the major lyric poem of the Spanish Baroque Combining philological rigor with a capacity to engage the most contemporary transatlantic and comparatist concerns this work situates Luis de G ngora s Soledades within the problematic evolution of Hispanic modernity As well as offering an insightful analysis of the Soledades as an expression of the Baroque crisis in all its facets epistemological ontological cultural and historical the author reads the fragmented lyric subject of Gongorist poetics back against Renaissance precursors Rojas Celestina and the poetry of Bosc n and Garcilaso and in anticipation of the truncated and isolated subject of modernity The study concludes with an examination of the interaction between the legacies of Gongorism and French Symbolism in the work of selected poets of the Latin American Vanguard Gorostiza Paz and Vallejo CRYSTAL ANNE CHEMRIS is Visiting Assistant Professor of Spanish at the University of Iowa **Shipwreck in the Early Modern Hispanic World** Carrie L. Ruiz, Elena Rodríguez-Guridi, 2022-01-14 Seafaring activity for trade and travel was dominant throughout the Spanish Empire and in the worldview and imagination of its inhabitants the specter of shipwreck loomed large Shipwreck in the Early Modern Hispanic World probes this preoccupation by examining portrayals of nautical disasters in sixteenth and seventeenth century Spanish literature and culture The essays collected here showcase shipwreck s symbolic deployment to question colonial expansion and transoceanic trade to critique the Christian enterprise overseas to signal the collapse of dominant social order and to relay moral messages and represent socio political debates The contributors find examples in poetry theater narrative fiction and other print artifacts and approach the topic variously through the lens of historical literary and cultural studies Ultimately demonstrating how shipwrecks both shaped and destabilized perceptions of the Spanish Empire worldwide this analytically rich volume is the first in Hispanic studies to investigate the darker side of mercantile and imperial expansion through maritime disaster *The Potency of Pastoral in the Hispanic Baroque* Anne Holloway, 2017 A careful re evaluation of

pastoral poetics in the early modern Hispanic literature of Spain and Latin America In her analysis of the verse of representative poets of the Hispanic Baroque Holloway demonstrates how these writers occupy an Arcadia which is de familiarised and yet remains connected to the classical origins of the mode Her study includes recent manuscript discoveries from the Spanish Baroque F bula de Alfeo y Aretusa now attributed to the Gongorist poet Pedro Soto de Rojas the poetry of Luisa de Carvajal y Mendoza and Francisco de Quevedo The study considers pastoral as a global cultural phenomenon of the Early Modern period its reverberations reaching as far as Viceregal Peru The tradition of the pastoral as a site for the discussion of great matters in the forest has deep roots and re emerges to praise the urban hearts of empire Furthermore it proves to be a site of spiritual encounter a poetic space that frames the staging of indigenous conversion in the poetry of Diego Mexia and Fernando de Valverde Within the intricacies of this literary construct surface artistry sustains an effect of artless innocence that is vibrantly contested across the secular sacred parodic and colonial text Anne Holloway is a Lecturer in Spanish Queen s University Belfast

Imagining Arcadia in Renaissance Romance Marsha S. Collins, 2016-03-22 From Theocritus Idylls to James Cameron s Avatar Arcadia remains an enduring presence in world culture and a persistent source of creative inspiration Why does Arcadia still exercise such a powerful pull on the imagination This book responds by arguing that in sixteenth century Europe a dramatic shift took place in imagining Arcadia The traditional visions of Arcadia collided and fused with romance the new experimental form of prose fiction producing a hybrid dynamic world of change and transformation Emphasizing matters of

fictional function and world making over generic classification *Imagining Arcadia in Renaissance Romance* analyzes the role of romance as a catalyst in remaking Arcadia in five canonical sixteenth century texts Sannazaro's *Arcadia* Montemayor's *La Diana* Cervantes' *La Galatea* Sidney's *Arcadia* and Lope de Vega's *Arcadia* Collins analyses of the reimagined Arcadia in these works elucidate the interplay between timely incursions into the fictional world and the timelessness of art highlighting issues of freedom identity formation subjectivity and self fashioning the intersection of public and private activity and the fascination with mortality This book addresses the under representation of Spanish literature in Early Modern literary histories especially regarding the rich Spanish contribution to the pastoral and to idealizing fiction in the West Companion chapters on Cervantes and Sidney add to the growing field of Anglo Spanish comparative literary studies while the book's comparative and transnational approach extends discussion of the pastoral beyond the boundaries of national literary traditions This book's innovative approach to these fictional worlds sheds new light on Arcadia's enduring presence in the collective imagination today

Objects of Culture in the Literature of Imperial Spain Mary E. Barnard, Frederick A. Ecological Crisis and Cultural Representation in Latin America Mark Anderson, Zélia M. Bora, 2016-10-04 Worldwide environmental crisis has become increasingly visible over the last few decades as the full scope of anthropogenic climate change manifests itself and large scale natural resource extraction has expanded into formerly remote areas that seemed beyond the reach of industrialization Scientists and popular culture alike have turned to the term Anthropocene to capture the global scale of environmental and even geological transformations that humans have carried out over the last two centuries The chapters in *Ecological Crisis and Cultural Representation in Latin America* examine the dynamics and interplay between local cultures and the expansion of global capitalism in Latin America emphasizing the role of art in bearing witness to and generating awareness of environmental and social crises but also its possibilities for formulating solutions They take particular care to draw out the ways in which local environmental crises in Latin American nations are witnessed and imagined as part of a global system focusing on the problems of time scale and complexity as key terms in conceiving the dimensions of crisis At the same time they question the notion of the Anthropocene as a species wide human historical project making visible the colonality of natural resource extraction in Latin America and its dire effects for local people cultures and environments Taking an ecocritical approach to Latin American cultural production including literature film performance and digital artwork the chapters in this volume develop a notion of ecological crisis that captures not only its documentary sense in the representation of environmental destruction the degradation of the oikos but also the crisis in the modern worldview logos that the acknowledgment of crisis provokes In this sense crisis is also the promise of a turning point of the possibilities for change Latin American representations of ecological crisis thus create the conditions for

projects that decolonize environments developing new sustainable ways of conceiving of and relating to our world or returning to old ones
