Soviet Impregnational Propaganda:

Soviet Impregnational Propaganda Barukh Hazan, 1982 *Soviet Propaganda* Baruch A. Hazan, 1976-01-15 This book encompasses the period since the establishment of the State of Israel 1948 75 which marked the peak of Soviet involvement in the Middle East It introduces new concepts in the study of propaganda and describes and analyzes Soviet propaganda as it relates to the Middle East conflict The Soviet Union, Eastern Europe and the Third World Roger E. Kanet, 1987 Soviet policy towards the countries of Asia Africa and Latin America underwent substantial expansion and change during the three decades since Khrushchev first initiated efforts to break out of the USSR's international isolation This 1988 volume examines various aspects of Soviet and East European policy towards the Third World Olympic Sports and Propaganda Games Barukh Hazan, 1982-01-01 Olympische Spiele Moskau Politik Boykott UdSSR *Machineries of Persuasion* Óscar J. Martín García, Rósa Magnúsdóttir, 2019-04-01 Over the last two decades public diplomacy has become a central area of research within Cold War studies Yet this field has been dominated by studies of the United States soft power practices However the so called cultural dimension of the Cold war was a much more multifaceted phenomenon Little attention has been paid to European actors efforts to safeguard a wide range of strategic and political interests by seducing foreign publics This book includes a series of works which examine the soft power techniques used by various European players to create a climate of public opinion overseas which favored their interests in the Cold war context This is a relevant book for three reasons First it contains a wide variety of case studies including Western and Eastern democratic and authoritarian and core and peripheral European countries Second it pays attention to little studied instruments of public diplomacy such as song contests sport events tourism and international solidarity campaigns Third it not only concentrates on public diplomacy programs deployed by governments but also on the role played by some non official actors in the cultural Cold War in Europe **Religion and the Cold War** D. Kirby, 2002-12-13 Although seen widely as the twentieth century's great religious war as a conflict between the god fearing and the godless the religious dimension of the Cold War has never been subjected to a scholarly critique This unique study shows why religion is a key Cold War variable A specially commissioned collection of new scholarship it provides fresh insights into the complex nature of the Cold War It has profound resonance today with the resurgence of religion as a political force in global society Signal, 1987 **Gorbachev's Glasnost** Joseph Gibbs, 1999 In Gorbachev's Glasnost The Soviet Media in the First Phase of Perestroika author Joseph Gibbs traces the development of glasnost as both concept and policy from the Leninist idea of criticism and self criticism to Gorbachev's attempt to modernize and reinterpret that doctrine to fit his own political goals and aspirations **BOOK JACKET** **From Brezhnev To Gorbachev** Baruch A. Hazan, 2019-03-05 From 1982 to 1985 the period on which this book focuses the Soviet Union was governed by a succession of ailing old men Brezhnev Andropov and Chernenko who supported by an equally elderly Politburo were often physically incapable of controlling and directing the bureaucratic state machine and party organization This unprecedented situation

precipitated a secret and bitter power struggle within the top Soviet leadership between two main factions the Chernenko apparatchiks who had risen to power under Brezhnev and owed their positions to him and the supporters of Andropov including the younger more dynamic and power hungry members of the party elite who had been advocating fairly bold reforms to deal with the grave social and economic problems facing the USSR Dr Hazan provides a detailed analysis of this hidden power struggle as he examines the final years of Brezhnev's reign and the brief ascendancies of Andropov and Chernenko These rapid changes led to the demise of the old guard in the Politburo and the emergence of a new breed of leader in Mikhail Gorbachev culminating in the final consolidation of his power at the 27th CPSU Congress Drawing on an extensive range of primary sources and using vivid examples of how the factions exploited the gigantic propaganda machine of the Soviet mass media the author looks behind the Kremlin's walls to explore the essence of Soviet politics The book describes the power base of each of the recent Soviet leaders and analyzes the steps they took to consolidate their positions and tighten controls over the bureaucracy and the military

Strategic Influence J. Michael Waller, 2009-03 In this vital book thirteen experts in public diplomacy counterpropaganda and political warfare lay out the components of what the U S and its allies need to win the war of ideas around the world Strategic influence is much more than strategic communication Communicating with others has somehow become a goal in itself when the real issue is influence to modify the perceptions attitudes and most of all the behavior of people movements and governments around the world This book is designed for the diplomat intelligence officer warfighter and policymaker

Full Spectrum Diplomacy and Grand Strategy John Lenczowski, 2011-03-17 Full Spectrum Diplomacy and Grand Strategy Reforming the Structure and Culture of U S Foreign Policy by John Lenczowski offers a solution to one of the greatest weaknesses in U S foreign policy that has exacerbated the unprecedented anti Americanism of recent years the U S Government's inability to conduct the full spectrum of diplomatic arts and to integrate them with the other arts of statecraft at the level of grand strategy The analysis presents a critique of how the Department of State's focus on traditional government to government diplomacy comes at the expense of public diplomacy Public Diplomacy is defined in the broadest sense as including all those arts that involve relations with and influence over foreign publics and opinion leaders including cultural diplomacy exchanges information policy strategic communications psychological strategy political action political warfare and wars of ideas Author John Lenczowski one of the first modern advocates for the strategic integration of all the instruments of national power calls for the development of an influence culture in U S foreign policy and provides a roadmap for the reform of the structure and culture of American diplomacy While addressing contemporary U S foreign policy this study presents lessons in statecraft and grand strategy that are applicable for all times and places Full Spectrum Diplomacy and Grand Strategy thus raises issues that are relevant not only to diplomats but to practitioners of intelligence counterintelligence military strategy and economic statecraft

Soviet Propaganda as a Foreign Policy Tool Marian Leighton, 1991-01-29 With extensive documentation and illustrative

examples Leighton makes clear one of the great political success stories of modern history the Soviet Union's use of propaganda to influence Western and public opinion Behind the successes and failures of Soviet policy is the constant flow of propaganda overt and covert subtle and direct Marian Leighton shows what the Soviets have planned and how they operate After a brief glance at the Russian tradition of propaganda the text focuses specifically on Soviet propaganda directed against the United States Beginning at the time of the establishment of diplomatic relations between the United States and the U S S R the author brings her examination into the Gorbachev era Military Review ,1983 Professional Journal of the United States Army ,1983 **Quarterly Review of Military Literature** ,1983 **The Russian Quest for Peace and Democracy** Metta Spencer,2012-07-10 In *The Russian Quest for Peace and Democracy* Metta Spencer recounts the political and military changes that have occurred in Russia up to mid 2010 Using hundreds of interviews she conducted with officials dissidents and liberal intellectuals she describes the various groups forces and individuals that worked to liberalize the totalitarian Soviet Union and its fellow nations behind the Iron Curtain and which ultimately brought about the dissolution of those repressive governments Spencer identifies four political orientations to describe Soviet society Sheep ordinary citizens who accepted the undemocratic regime they lived in without challenging it Dinosaurs hard line Communist officials Termites including Mikhail Gorbachev and his advisers and government and Barking Dogs a few hundred dissidents who made a lot of noise protesting hoping to awaken a grass roots demand for democracy The strange rivalry between the Termites and Barking Dogs would ultimately doom perestroika Spencer's research dispels the widely held perception that US President Ronald Reagan won the Cold War by standing firm until the Soviet Union blinked first There are vitally important lessons to be learned from the Soviet period about how to assist citizens of totalitarian and authoritarian regimes around the world The irony is that transnational civil society organizations major sources of the progress in Soviet Russia are still needed today in authoritarian Russia under Vladimir Putin and Dmitry Medvedev for totalitarianism remains a potential social trap In *The Russian Quest for Peace and Democracy* Metta Spencer suggests new ways of building urgently needed social capital in today's Russia where democracy has yet to flourish *Marketing Dictatorship* Anne-Marie Brady,2009-11-16 Click here to hear Anne Marie Brady's BBC World Service radio documentary titled *The Message from China* China's government is no longer a Stalinist Maoist dictatorship yet it does not seem to be moving significantly closer to democracy as it is understood in Western terms After a period of self imposed exclusion Chinese society is in the process of a massive transformation in the name of economic progress and integration into the world economy The Chinese Communist Party CCP is seeking to maintain its rule over China indefinitely creating yet another new China Propaganda and thought work play a key role in this strategy In this important book noted China scholar Anne Marie Brady answers some intriguing questions about China's contemporary propaganda system Why have propaganda and thought work strengthened their hold in China in recent years How has the CCP government strengthened its power since 1989 when so many analysts predicted otherwise How does the

CCP maintain its monopoly on political power while dismantling the socialist system How can the government maintain popular support in China when the uniting force of Marxist Leninist Maoist ideology is spent and discredited What has taken the place of communist ideology Examining propaganda and thought work in the current period offers readers a unique understanding of how the CCP will address real and perceived threats to stability and its continued hold on power This innovative book is a must read for everyone interested in China s growing role in the world community **European Peace Movements and the Future of the Western Alliance** Walter Laqueur, 2017-09-08 This extraordinary compendium concerns the future of the Western alliance and the development of the peace movements in Europe and in the United States The peace movement is an old phenomenon given new life by NATO decisions concerning nuclear deployment in Europe and the Soviet responses along the same lines After a long postwar marriage Europeans and Americans alike are reexamining the premises of the Western alliance The contributors provide a variety of scenarios extending from the maintenance of the status quo to the complete dismantling of the Western alliance or at least of its NATO component In a context of rapid change and new challenges to the democratic bloc the editors and authors argue for higher levels of economic integration and caution that competition might spill over into political collapse The work deals with thorny security issues in a frank and policy oriented way While each contributor expresses a unique standpoint a surprising consensus emerges The need for democratic nations to move toward a higher policy ground in order to preserve the fundamental alliance that led to the postwar consensus to begin with Some contributors feel this is still possible others that the time has passed and that national rather than regional interests will once more prevail The work contains an extraordinary array of talent from both the American and European perspectives Among the major contributors and their themes are Henry Kissinger on A Plan to Reshape NATO William G Hyland on The European Peace Movement and NATO Irving Kristol on What s Wrong with NATO Theodore Draper on The Western Misalliance Niels Haagerup on The Nordic Peace Movements Martin Ceadel on The British Nuclear Disarmers and Jeffrey Herf on The SPD and the Peace Movement in West Germany This is a well integrated text with no random essays **Hollywood's Cold War** Tony Shaw, 2007-09-19 Hollywood s Cold War **The SAGE Handbook of Propaganda** Paul Baines, Nicholas O'Shaughnessy, Nancy Snow, 2019-11-25 The SAGE Handbook of Propaganda unpacks the ever present and exciting topic of propaganda to explain how it invades the human psyche in what ways it does so and in what contexts As a beguiling tool of political persuasion in times of war peace and uncertainty propaganda incites people to take often violent action consciously or unconsciously This pervasive influence is particularly prevalent in world politics and international relations today In this interdisciplinary Handbook the editors have gathered together a group of world class scholars from Europe America Asia and the Middle East to discuss leadership propaganda war propaganda propaganda for peace marketing propaganda as a psychological tool terror enhanced propaganda and the contemporary topics of internet mediated propaganda Unlike previous publications on the subject this book brings to the forefront current manifestations

and processes of propaganda such as Islamist and Far Right propaganda from interdisciplinary perspectives In its four parts the Handbook offers researchers and academics of propaganda studies peace and conflict studies media and communication studies political science and governance marketing as well as intelligence and law enforcement communities a comprehensive overview of the tools and context of the development and evolution of propaganda from the twentieth century to the present Part One Concepts Precepts and Techniques in Propaganda Research Part Two Methodological Approaches in Propaganda Research Part Three Tools and Techniques in Counter Propaganda Research Part Four Propaganda in Context
