The Broadview Anthology of Social and Political Thought , Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989 *Legal Naturalism* Olufemi Taiwo, 2015-11-12 Legal Naturalism advances a clear and convincing case that Marx s theory of law is a form of natural law jurisprudence It explicates both Marx s writings and the idea of natural law and makes a forceful contribution to current debates on the foundations of law Olufemi Taiwo argues that embedded in the corpus of Marxist writing is a plausible adequate and coherent legal theory He describes Marx s general concept of law which he calls legal naturalism For Marxism natural law isn t a permanent verity it refers to the basic law of a given epoch or social formation which is an essential aspect of its mode of production Capitalist law is thus natural law in a capitalist society and is politically and morally progressive relative to the laws of preceding social formations Taiwo emphasizes that these formations are dialectical or dynamic not merely static so that the law which is naturally appropriate to a capitalist economy will embody tensions and contradictions that replicate the underlying conflicts of that economy In addition he discusses the enactment and reform of positive law law established by government institutions in a Marxian framework **Evgeny**

Pashukanis Michael Head, 2007-09-12 A thorough examination of Pashukanis writings this book is a significant contribution to a proper assessment of Pashukanis work the value of his theoretical legacy and the contemporary relevance of Marxist legal theory Interest in the best known Soviet legal scholar Evgeny Pashukanis remains widespread and his work retains

considerable relevance His writings provide a rich source of material on the Marxist theory of law and the state as well as the attempts to apply that doctrine in Soviet Russia In this book Michael Head considers Pashukanis work both within its historical context and in relation to contemporary legal theory answering a range of questions including How and why did Pashukanis emerge as the pre eminent Soviet jurist from 1924 to 1930 Why did he come under only minor criticism from 1930 to 1936 and then be denounced and executed in 1937 as a Trotskyite saboteur Why have many Western scholars generally praised the quality and originality of Pashukanis work yet also drawn the conclusion that his fate illustrates the intrinsic impossibility of the entire communist project Serving as an introduction to Pashukanis and Marxist legal theory and a timely contribution in light of the universal assault on civil liberties in the indefinite War on Terror and the constant escalation of law and order measures in Western societies this volume is an invaluable resource for those interested in jurisprudence and critical thought **1974 Annual Supplement** Joan Schmitz Bergholt,2013-12-21 **European Dictatorships 1918-1945** Stephen J. Lee,2012-11-12 European Dictatorships 1918 1945 surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe s states to dictatorships between the first and the second World Wars It describes the course of dictatorship in Europe before and during the Second World War and examines the phenomenon of dictatorship itself and the widely different forms it can take From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders this book scrutinizes the experiences of Russia Germany Italy Spain and Portugal and Central and Eastern European states This third edition has been revised throughout to include recent historical research and contains a completely new chapter on the meaning of dictatorship Including new tables maps and diagrams this is the perfect survey for all students of the period To view the companion website please visit www.routledge.com/textbooks/9780415454858 *World Communism, 1964-1969, a Selected Bibliography* United States. Congress. Senate. Committee on the Judiciary,1971 [The SAGE Handbook of Marxism](#) Beverley Skeggs,Sara R. Farris,Alberto Toscano,Svenja Bromberg,2021-11-17 The past decade has witnessed a resurgence of interest in Marxism both within and without the academy Marxian frameworks concepts and categories continue to be narratively relevant to the features and events of contemporary capitalism Most crucially an attention to shifting cultural conditions has lead contemporary researchers to re confront some classical and essential Marxist concepts as well as elaborating new critical frameworks for the analysis of capitalism today The SAGE Handbook of Marxism showcases this cutting edge of today s Marxism It advances the debate with essays that rigorously map and renew the concepts that have provided the groundwork and main currents for Marxist theory and showcases interventions that set the agenda for Marxist research in the 21st century A rigorous and challenging collection of scholarship this book contains a stunning range of contributions from contemporary academics writers and theorists from around the world and across disciplines invaluable to scholars and graduate students alike Part 1 Reworking the critique of political economy Part 2 Forms of domination subjects of struggle

Part 3 Political perspectives Part 4 Philosophical dimensions Part 5 Land and existence Part 6 Domains Part 7 Inquiries and debates

The A to Z of Marxism David Walker, Daniel Gray, 2009-08-13 Marxism one of the few philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People's Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner This is done through a chronology an introductory essay a bibliography and hundreds of cross reference dictionary entries on basic terms and concepts significant thinkers and doers and also the parties and countries that followed it

Dictatorship Dimitrios Kivotidis, 2021-02-23 This book analyses the institution and concept of dictatorship from a legal historical and theoretical perspective examining the different types of dictatorship their relationship to the law as well as the analytical value of the concept in contemporary world In particular it seeks to codify the main theories and conceptions of dictatorship with the goal of unearthing their contradictions The book's main premise is that the concept of dictatorship and the different types of the dictatorial form have to be assessed and can only be understood in their historical context On this basis the elaborations on dictatorship of such diverse thinkers as Carl Schmitt Donoso Cortes Karl Marx Ernst Fraenkel Franz Neumann Nicos Poulantzas and V I Lenin are discussed in their historical context classical and Caesaristic dictatorship in ancient Rome dictatorship in revolutionary France of 1789 and counterrevolutionary France of 1848 fascist dictatorship in Nazi Germany and dictatorship of the proletariat in Russia of 1917 The book contributes to the theory of dictatorship as it outlines the contradictions of the different typologies of the dictatorial form and seeks to explain them on the basis of the concept of class dictatorship The book's original claim is that the dictatorial form as a modality of class rule that relies predominantly on violence and repression has been essential to the reproduction of bourgeois rule and consequently of capitalist social relations This function has given rise to different types and conceptualisations of dictatorship depending on the level of capitalist development This book is addressed to anyone with an interest in law political theory political history and sociology It can serve as core text for courses that seek to introduce students to the institution or theory of dictatorship It may also serve as a reference text for post graduate programs in law and politics because of its interdisciplinary and critical approach

The New Labor Radicalism and New York City's Garment Industry Leigh David Benin, 2019-02-21 First published in 2000 This study examines how Progressive Labor an antirevisionist offshoot of the Communist Party USA attempted to revolutionize the labor front in New York City's garment industry during the 1960s An ideologically driven group whose founders were loyal to Stalinism and attracted by Maoism Progressive Labor set out in 1962 to become the vanguard of the American working class

Legal Form and the End of Law

Cosmin Cercel, Gian-Giacomo Fusco, Przemyslaw Tacik, 2024-10-14 Following the 100th anniversary of Pashukanis General Theory of Law and Marxism 1924 this volume aims to breathe new life into the main category of Pashukanian legacy the concept of legal form This book offers new deeper and more general ways in which the concept of legal form can be used to push forward Marxist post Marxist or hauntingly Marxist legal theory Accordingly this book does not pledge allegiance to reconstructing and reconsidering the official interpretative legacy of the legal form Instead it mobilises the revolutionary conceptual potentialities that this term contains When investigated thoroughly and in many dimensions the legal form becomes a privileged vantage point not only into the greatest law related riddles of Marxism such as the relation between economy and the state or withering away of statal apparatuses but the whole of modernity as the epoch determined by if not overlapping with capitalism This book aims to think with the legal form rather than explain this concept In so doing it offers a panoply of theoretical perspectives that address legal subjectivity abstraction autonomy of the law and last but not least withering away of the law This contemporary interrogation of the relevance of the concept of legal form will be of considerable interest to scholars and students of legal and political theory **Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx s thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism

Soviet Political Thought An Antho Introduction

In today's digital age, the availability of Soviet Political Thought An Antho books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Soviet Political Thought An Antho books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Soviet Political Thought An Antho books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Soviet Political Thought An Antho versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Soviet Political Thought An Antho books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Soviet Political Thought An Antho books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Soviet Political Thought An Antho books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary

titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Soviet Political Thought An Antho books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
