Soviet Propaganda As A Foreign Policy Tool:

Soviet Propaganda as a Foreign Policy Tool Marian Leighton, 1991-01-29 With extensive documentation and illustrative examples Leighton makes clear one of the great political success stories of modern history the Soviet Union's use of propaganda to influence Western and public opinion Behind the successes and failures of Soviet policy is the constant flow of propaganda overt and covert subtle and direct Marian Leighton shows what the Soviets have planned and how they operate After a brief glance at the Russian tradition of propaganda the text focuses specifically on Soviet propaganda directed against the United States Beginning at the time of the establishment of diplomatic relations between the United States and the U S S R the author brings her examination into the Gorbachev era **Soviet Propaganda as a Foreign Policy Tool** Marian Kirsch Leighton, 1991 **Soviet Covert Action (the Forgery Offensive)** United States. Cultural Relations as an Instrument of U.S. Foreign Policy Henry J. Kellermann, 1978 **The Grand Strategy that Won the Cold War** Norman A. Bailey, Francis H. Marlo, Douglas E. Streusand, Paul D. Gelpi, 2016-01-14 This book demonstrates that under the leadership of President Ronald Reagan and through the mechanism of his National Security Council staff the United States developed and executed a comprehensive grand strategy involving the coordinated use of the diplomatic informational military and economic instruments of national power and that grand strategy led to the collapse of the Soviet Union In doing so it refutes three orthodoxies that Reagan and his administration deserve little credit for the end of the Cold War with most of credit going to Mikhail Gorbachev that Reagan's management of the National Security Council staff was singularly inept and that the United States is incapable of generating and implementing a grand strategy that employs all the instruments of national power and coordinates the work of all executive agencies The Reagan years were hardly a time of interagency concord but the National Security Council staff managed the successful implementation of its program nonetheless International

Legucka, Robert Kupiecki, 2022-07-05 This book examines the ways in which Russia and Belarus use disinformation weaponised historical narratives and the politics of memory for domestic and foreign policy purposes utilising these factors to justify aggressive foreign policy in defensive terms and domestically for legitimating local ruling elites consolidating the states propaganda machines and mobilising both societies around national power centres Besides analysing Russian and Belarusian disinformation geopolitical narratives and policies the book also assesses the effectiveness of these measures and discusses how the West can counteract the geopolitical narratives disseminated by Russia and Belarus that attempt to undermine Western democracies and weaken the resilience of its societies **Hollywood's Cold War** Tony
