Islam in World Cultures R. Michael Feener, 2004-10-26 Islam in World Cultures analyzes differences in Islamic culture and practice by looking not simply at matters of doctrine but also at how Islam interacts with local cultures Contemporary treatments of Islam focus on the Middle East they treat the beliefs and people of that region as representing all of Islam At most they emphasize the differences between Muslim groups Sunni vs Shia for instance while overlooking the even greater differences that result from region specific cultural and political pressures Islam in World Cultures gathers the work of ten eminent scholars each of whom has expertise in the Muslim culture of a particular country or geographical area Individual chapters explore contemporary developments in the Islamic experience in Turkey

Iran Pakistan Central Asia China Indonesia South Africa Ethiopia and the United States This broad treatment provides an introduction to the full range of issues relating to Islam in the context of globalization **Hearings, Reports and Prints of the House Committee on International Relations** United States. Congress. House. Committee on International Relations, 1977 *World Culture, EPZ Edition* Frank J. Lechner, John Boli, 2008-04-15 This book explores the development content and impact of world culture Combining several of the most fruitful theoretical perspectives on world culture including the world polity approach and globalization theory the book gives a historical treatment of the development of world culture and assesses the complex impact of world culture on people organizations and societies This is a provocative synthetic and grounded interpretation of world culture that is essential for any student or scholar of globalization and world affairs Traces world culture back from the mid 19th century to the present day Includes numerous illustrations of key issues and empirical research Written in lively accessible language for the student and general scholar **Understanding Global Cultures** Martin J. Gannon, Rajnandini Pillai, 2015-02-16 In the fully updated Sixth Edition of Understanding Global Cultures Metaphorical Journeys Through 34 Nations Clusters of Nations Continents and Diversity authors Martin J Gannon and Rajnandini Pillai present the cultural metaphor as a method for understanding the cultural mindsets of individual nations clusters of nations continents and diversity in each nation A cultural metaphor is any activity phenomenon or institution that members of a given culture consider important and with which they identify emotionally and or cognitively such as the Japanese garden and American football This cultural metaphoric approach identifies three to eight unique or distinctive features of each cultural metaphor and then discusses 34 national cultures in terms of these features The book demonstrates how metaphors are guidelines to help outsiders quickly understand what members of a culture consider important

Scholars' Guide to Humanities and Social Sciences in the Soviet Union and the Baltic States Tigran Martirosyan, Silvia Maretti, S. Frederick Starr, 2019-11-21 In the years since the first edition of the Guide was published the research institutions of the academies of sciences of the USSR and the republics have undergone several sometimes radical reorganizations and reaffiliations This guide to academy institutions supplies names addresses and historical research and organizational profiles for each institution with summary information on staffing current projects special facilities and libraries The end of the Cold War has brought with it many changes of attitude and policy in the political arena however nowhere has change been so emotionally charged as in the area of politically based emigration Refugee policy is the driving force behind many of today's headlines influencing both foreign and domestic policy In Desperate Crossings authors Norman L and Naomi Flink Zucker chronicle and analyze the phenomenon of mass escape that began with the Haitians but exploded into the American consciousness in the spring of 1980 with the Mariel boatlift and the subsequent mass exodus from Central America and was most recently manifested in the Haitian and Cuban exoduses of 1994 In a compelling and carefully documented narrative they identify the troika of interests foreign policy domestic pressures and costs that have controlled

and determined the American response to refugees since before the Second World War continuing until today Desperate Crossings concludes by proposing a comprehensive and politically palatable approach to future refugee flows both in our hemisphere and for the world community at large including Europe and Asia The authors suggest how by changing the course of its refugee policies and programs the United States can better respond to both the needs of refugees and the demands of its citizens **Bulletin of Cultural Life in the U.S.S.R. ,1927 55 World Cultures in 500 Words Each**
