Rees,2004-03-12 This is the first book in English to explore the relationship between Stalin s ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E A Rees locates the Bolshevik tradition within the wider European tradition Soviet Nuclear Strategy from Stalin to Gorbachev Honoré Marc Catudal,1989

Post-communist Studies And Political Science Jr. Fleron,Erik P Hoffmann,2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world s territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it was understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism **The Origins of the Stalinist Political System** Graeme Gill,Graeme J. Gill,2002-07-18 New and challenging perspectives on Soviet political development from 1917 to 1941 **Western Anti-Communism and the Interdoc Network** Giles Scott-Smith,2012-12-03 Interdoc was established in 1963 by Western intelligence services as a multinational effort to coordinate an anti communist offensive Drawing on exclusive sources and the memories of its participants this book charts Interdoc s campaign the people and ideas that lay behind it and the rise and fall of this remarkable network during the Cold War **Russia and the USSR, 1855-1991** Stephen J. Lee,2006 Russian history since 1855 has been marked by the rule of the Tsarist autocracy and Soviet communism This title examines both comparing their ideologies and their use of terror and repression to crush opposition to their rule **Quarterly Review of Military Literature** ,1965 **Military Review** ,1965 **Russian Historiography from 1880 to 1905** Thomas M. Bohn,2024-06-01 In Russian historiography the Moscow School s paradigm shift from political and legal history to social and economic history was markedly driven by Pavel Miliukov 1859 1943 the late leader of the Constitutional Democrats and

foreign minister of the Provisional Government Russian Historiography from 1880 to 1905 develops a narrative of historical sociology's advancement through the Moscow School under Miliukov's influence and provides a window into his decision making as a political figure who based his leadership not on public opinion but on the effectiveness of historical processes

The Conduct of Soviet Foreign Policy Erik Peter Hoffmann, Frederic J. Fleron, Articles by Brzezinski Pipes Schulman Gati and two new chapters written by Hoffmann and Laird bring new information to this edition on geo politics SALT China and the scientific technological revolution's effects in the Soviet Union The last three sections of the book include updated selections such as a Retrospect and Prospect on the use abuse of Soviet power **A Short History Of Soviet Socialism**

Mark Sandle, 2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left **Stalin** Sarah Davies, James Harris, 2005-09-08 The figure of Joseph Stalin

has always provoked heated and often polarized debate The recent declassification of a substantial portion of Stalin's archive has made possible this fundamental new assessment of the Soviet leader In this groundbreaking 2005 study leading international experts challenge many assumptions about Stalin from his early life in Georgia to the Cold War years with contributions ranging across the political economic social cultural ideological and international history of the Stalin era The volume provides a deeper understanding of the nature of Stalin's power and of the role of ideas in his politics presenting a more complex and nuanced image of one of the most important leaders of the twentieth century This study is without precedent in the field of Russian history and will prove invaluable reading for students of Stalin and Stalinism The End of
