Foreign Economic Trends and Their Implications for the United States, 1977 *The Soviet Economy* Abram Bergson, Herbert S. Levine, 2023-06-14 The Soviet Economy 1983 examines the long term prospective growth of the USSR's economy It looks at the Soviet economy's growth process at an advanced stage of development and assesses how it would evolve in the period ahead Various growth plans had made large advances to the state planned economy but by the 1980s this growth had slowed *Economic Prospects - East and West* Jan Winiecki, 2013-01-11 First published in 1987 this is an analysis of the contemporary breakdown of political and economic systems within the Eastern European communist countries Rather than passively following the developments of this crisis the author seeks instead to identify the reasons for failure and to examine alternative policies that offer solutions to these problems Jan Winiecki's work offers a comparative study of the Soviet type economies of the East with the market economies of the West providing a cause and effect analysis of each model with possible scenarios for their future prospects *The Many Crises of the Soviet Economy* United States. Congress. Senate. Committee on the Judiciary, 1964 The Real Thirteen Days The Cuban Missile Crisis 1962 National Security Archive Documents Reader by Laurence Chang and Peter Kornbluh National Security Archive Microfiche Collection Declassified intelligence reports national security memoranda cables letters and summaries on everything from Operation MONGOOSE America's covert war on the Castro government through the resolution of the crisis including translations of the letters exchanged between Khrushchev Kennedy

The Soviet Economy Morris Bornstein, 2019-06-25 The economic system of the Soviet Union is of vital interest not merely because the USSR is a world superpower but also because the Soviets offer their economic development strategy and system as a model to Third World nations seeking rapid development and social change This book provides a comprehensive and up to date picture of the evolution and operation of the Soviet economy its external economic relations and the challenges it faces in the next decade The selections describe the nature and difficulties of Soviet economic planning and the wide range of legal and illegal unplanned activities in the Soviet economy today They examine also the involvement of citizens as both producers and consumers The closing section looks at prospects for the future in the areas of agriculture energy and technological development *Principles of Microeconomics* N. Gregory Mankiw, 1998 *Soviet Economy in a Time of Change*, 1979

Congressional Record United States. Congress,1963 *Women, Family and the Russian Revolution* John Peter Roberts,Fred Weston, The Bolsheviks came to power in a workers and peasants revolution supported by the great majority of Russian women Abortion was legalized immediately and made available to women without charge For the first time wives were empowered to divorce their husbands and many took the opportunity In a society in which few homes had any basic amenities it was envisaged that women would be freed from household drudgery by child care centres communal dining halls and public laundries and the predictions of Engels that mutual affection and respect would underpin relations between the sexes would be realised Under socialism the bourgeois family would wither away releasing women from kitchen slavery and bringing them equality with men But the betrayal by Social Democracy of the revolutionary upsurge following WW1 and the pressure of imperialism on an isolated backward semi feudal country meant a reactionary bureaucracy usurped political power imposed a totalitarian regime and enacted legislation to strengthen the conservative elements within Soviet society restricting women s rights to divorce abolishing the right to abortion and strengthening the family This book ends by noting the social and economic degradation imposed on Russian women by capitalist restoration concluding that only a socialist proletarian led revolution can finally achieve women s emancipation *Statistical Reference Index* ,1990 *Soviet Product Quality* Malcolm R. Hill,Richard McKay,1988-06-18 Green Post-Communism? Mikael Sandberg,1998-12-03 This book asks whether foreign aid can help post communist societies to steer their technological innovation systems in more environmentally sound directions Mikael Sandberg examines the legacy of Soviet type innovation systems then looks at opportunities for greener innovations in post communist Poland considering institutional transformation *Red Globalization* Oscar Sanchez-Sibony,2014-03-06 An important rereading of the Cold War as an economic struggle shaped by the global economy The Nature of Socialist Economics Peter Murrell,2014-07-14 What are the sources of the well known differences in the performance of capitalist and socialist economic systems Peter Murrell argues that the Schumpeterian model has far more power to answer this question than does the neoclassical theory generally used for that purpose The neoclassical theory focuses on the absence of a price system and the inability of a centralized system to allocate resources efficiently while the Schumpeterian model emphasizes the rigidity of institutions and policies in socialist economies and their lack of mechanisms either to create new institutions or to identify and to foster the growth of the most efficient organizations including multinational corporations In a work that will have profound consequences for the analysis of economic reform in socialist economies Murrell compares the predictions of these two models against data summarizing foreign trade performance and finds the Schumpeterian model clearly superior Combining international trade theory and econometric techniques the author develops new methods of comparative economic analysis These methods provide new information on the values of eleven resource endowments implicit in trade the degree to which the socialist countries fit standard models of trade the effect of multinational corporations on trade and myriad other features of economic performance Originally
