Space Words A Dictionary:

Space Words Seymour Simon, Randy Chewning, 1991 Defines words and terms commonly used in discussing outer space from Apollo Program to Zodiac **A Dictionary of the Space Age** Paul Dickson, 2009-04-14 The launch of Sputnik 1 in 1957 ushered in an exciting era of scientific and technological advancement As television news anchors radio hosts and journalists reported the happenings of the American and the Soviet space programs to millions of captivated citizens words that belonged to the worlds of science aviation and science fiction suddenly became part of the colloquial language What's more NASA used a litany of acronyms in much of its official correspondence in an effort to transmit as much information in as little time as possible To translate this peculiar vocabulary Paul Dickson has compiled the curious lingo and mystifying acronyms of NASA in an accessible dictionary of the names words and phrases of the Space Age This dictionary captures a broader foundation for the language of the Space Age based on the historical principles employed by the Oxford English Dictionary and Webster's Third New International Dictionary Word histories for major terms are detailed in a conversational tone and technical terms are deciphered for the interested student and lay reader This is a must own reference for space history buffs Book Jacket *Science Vocabulary: Space* , Space Dictionary for Kids Amy Anderson, Brian Anderson, 2021-09-03 Packed with hundreds of illustrated definitions about astronomy and space Space Dictionary for Kids is certain to spark any kid's enthusiasm for the solar system and galaxy Explore cosmology stars and galaxies the solar system space exploration and exoplanets and astrobiology Hop on an astronomy timeline to learn the story of how primitive ancient beliefs evolved over centuries to become a high technology science Crack up over the humorous sidebars that expand on the topic of space with examples explanations diagrams quizzes and even short activities to enhance understanding Use the references and further reading recommendations at the end to help find more information about astronomy perfect for assignments or those just wanting to know more about the coolest topic in the galaxy Divided into sections for quick access to the easy to understand definitions and amazing full color illustrations Space Dictionary for Kids is a must have for any kid's home library Grades 3-6 NSTA Recommends *Lexicography: Reference works across time, space and languages* R. R. K. Hartmann, 2003 **Dictionary Poetics** Craig Dworkin, 2020-05-05 The new ways of writing pioneered by the literary avant garde invite new ways of reading commensurate with their modes of composition Dictionary Poetics examines one of those modes book length poems from Louis Zukofsky to Harryette Mullen all structured by particular editions of specific dictionaries By reading these poems in tandem with their source texts Dworkin puts paid to the notion that even the most abstract and fragmentary avant garde literature is nonsensical meaningless or impenetrable When read from the right perspective passages that at first appear to be discontinuous irrational or hopelessly cryptic suddenly appear logically consistent rationally structured and thematically coherent Following a methodology of critical description Dictionary Poetics maps the material surfaces of poems tracing the networks of signifiers that undergird the more familiar representational

schemes with which conventional readings have been traditionally concerned In the process this book demonstrates that new ways of reading can yield significant interpretive payoffs open otherwise unavailable critical insights into the formal and semantic structures of a composition and transform our understanding of literary texts at their most fundamental levels
