The Anatomy Lesson Nina Siegal, 2014-03-11 Set in one day in 1632 The Anatomy

Lesson is a stunning portrayal of Golden Age Amsterdam and a brilliantly imagined back story to Rembrandt s first great work of art Told from several points of view ranging from a curio dealer who collects bodies for the city s chief anatomist to philosopher Rene Descartes the novel opens on the morning of the medical dissection that is to be recorded by the twenty six year old artist from Leiden who has yet to attach his famous signature to a painting As the story builds to its dramatic and inevitable conclusion the events that transpire throughout the day sway Rembrandt to make fundamental changes to his initial composition These changes will remain mysteries for centuries until a young art historian closely examines the painting in the twenty first century and makes surprising discoveries about the painter his process and his genius for capturing enduring truths about human nature in a single moment

Steam Shovel and Dredge , 1913 **Ace of Spades**

Sidney St. James, 1900 There was only one case out of hundreds of cold cases Vincent James Gideon never wholly solved Rosenthal Read about in Book 1 of the Gideon Detective Series In the stack of envelopes on top of Gideon s desk one was curiously unlabeled the same as any random piece of junk He slid it open nonetheless All the envelope contained was a simple leaf dark green with serrated edges finely divided and lacy It was almost triangular broad at the base with the tip tapering to an almost point No sooner did he lay the envelope down on his desk his phone rang It was the Chief of Police requesting his service on another case Across town another event was happening Watching her take a sip it took the assassin every urge not to swat the glass away but he knew it was the only way to save his life He stared at the beautiful woman and wondered how long it would take to go into effect He questioned how much time it would be before she became dizzy and

forgot where she was Everything seemed to switch into slow motion For a moment the killer doubted himself and wondered if in fact he poisoned the wrong glass Guilt began to creep into his gut It took all his strength to withhold the tears that started to glisten in his eyes Why She began to cough and cough The wine glass fell to the side and her body collapsed to the floor The killer wasted no time With an ivory handled dagger he stuck the Ace of Spades across the point of the blade and pierced her in the chest He then placed her body inside the largest trunk among the many in the hallway packed earlier for a long journey Then he called on a deaf mute to carry the trunk to an unknown destination But the blundering detectives assigned to the case get all the facts twisted and the wrong man was accused or was it the wrong man Vincent James Gideon the famed detective who went into retirement eight years earlier tried to avoid the case when the Black Rock Cove Police Department requested his services Events occurred that forced the famed detective out of retirement Then he was blamed for the murder of not just the woman but a reputable pharmacist downtown on Pacific Avenue This is Volume 1 in Book 7 of the final chapter in this long running detective series For more details follow Sidney St James blog or on Instagram and Twitter
