the milicianos march on Fernanco AlegriaMy book Spain in the Heart was printed during the Spanish Civil War in a unique way I believe few books in the extraordinary history of so many books have had such a curious birth and destiny The soldiers learned to set type But there was no paper They found an old paper mill and decided to make it there A strange mixture was concocted in the midst of falling bombs in the midst of battle They threw everything they could get their hands on into the mill from an enemy flag to a bloody tunic of a Moorish soldier And in spite of the unusual materials used and the total inexperience of its manufacturers the paper turned out to be very beautiful My book was the pride of those men who had worked to bring out my poetry in defiance of death and I learned that many carried copies of the book in their knapsacks instead of their own food and clothing With their knapsacks over their shoulders they set out on the long march to France The endless column walking to exile was bombed hundreds of times Soldiers fell and the books were strewn over the road The last copies of this impassioned book that was born and perished in the midst of fierce fighting were burned in a bonfire Pablo Neruda from Memoirs *Hello Spain, Goodbye Heart* LoLo Paige,2023-01-23 Travel writer Dayna Benning tours Europe to write a feature story for a travel magazine Along the way she helps her bestie scatter her husband s ashes When Dayna accidentally sprinkles Alex Mendes with dried rose petals intended for the deceased she senses a chemistry with the silver fox airline pilot Just one catch he wears a wedding band Embittered by her divorce Dayna refuses to be a homewrecker like the woman who ruined her marriage Alex and Dayna go their separate ways but she s mystified when serendipitous signs point her toward him at every turn Determined to find out why she learns Alex is a widower Dayna hopes for a second chance at love but her resentful heart stops her Can she forgive those that broke her heart the first time And for that matter can she forgive herself for her failed marriage Unless she finds a way to piece together her fragmented heart Alex will forever remain a fantasy *Espana En El Corazon. Spain in the Heart* Pablo Neruda,1992-05-01 **Ancient Poetry and Romances of Spain** John Bowring,1824 **Spain in the heart** Pablo Neruda,1946 **Spain** ,1937 *Ballads of the Lords of New Spain* ,2010-01-01 Compiled in 1582 Ballads of the Lords of New Spain is one of the two principal sources of Nahuatl song as well as a poetical window into the mindset of the Aztec people some sixty years after the conquest of Mexico Presented as a cancionero or anthology in the mode of New Spain the ballads show a reordering but not an abandonment of classic Aztec values In the careful reading of John Bierhorst the ballads reveal in no uncertain terms the pre conquest Aztec belief in the warrior s paradise and in the virtue of sacrifice This volume contains an exact transcription of the thirty six Nahuatl song texts accompanied by authoritative English translations Bierhorst includes all the numerals which give interpretive clues in the Nahuatl texts and also differentiates the text from scribal glosses His translations are thoroughly annotated to help readers understand the imagery and allusions in the texts The volume also includes a helpful introduction and a larger essay On the Translation of Aztec Poetry that discusses many relevant historical and literary issues In Bierhorst s expert translation and interpretation Ballads of the Lords of New Spain emerges as a song of resistance by a conquered people and the

**Anxieties of Interiority and Dissection in Early Modern Spain** Enrique Fernandez, 2015-01-15 *Anxieties of Interiority and Dissection in Early Modern Spain* brings the study of Europe's culture of dissection to the Iberian peninsula presenting a neglected episode in the development of the modern concept of the self Enrique Fernandez explores the ways in which sixteenth and seventeenth century anatomical research stimulated both a sense of interiority and a fear of that interior's exposure and punishment by the early modern state Examining works by Miguel de Cervantes Mar a de Zayas Fray Luis de Granada and Francisco de Quevedo Fernandez highlights the existence of narratives in which the author creates a surrogate self on paper then dissects it He argues that these texts share a fearful awareness of having a complex inner self in a country where one's interiority was under permanent threat of punitive exposure by the Inquisition or the state A sophisticated analysis of literary religious and medical practice in early modern Spain Fernandez's work will interest scholars working on questions of early modern science medicine and body politics
