Community, Home, and Identity Terry L. Turnipseed,2016-05-23 Community home and identity are concepts that have concerned scholars in a variety of fields for some time Legal scholars sociologists anthropologists psychologists and economists among others have studied the impacts

of home and community on one's identity and how one's identity is manifested in one's home and in one's community. This volume brings together some of the leading thinkers about the connections between community, home, and identity. Several chapters address how the law and lawyers contribute or detract from the creation and maintenance of community, and in some cases the conscious destruction of communities. Others examine the protection of individual and group identities through rules related to property title and use of such things as Home and identity property.

Pueblo Sovereignty
 Malcolm Ebright, Rick Hendricks, 2019-03-14
 Over five centuries of foreign rule by Spain, Mexico, and the United States, Native American pueblos have confronted attacks on their sovereignty and encroachments on their land and water rights. How five New Mexico and Texas pueblos did this in some cases multiple times forms the history of cultural resilience and tenacity chronicled in *Pueblo Sovereignty* by two of New Mexico's most distinguished legal historians, Malcolm Ebright and Rick Hendricks. Extending their award-winning work *Four Square Leagues*, Ebright and Hendricks focus here on four New Mexico Pueblo Indian communities: Pojoaque, Nambe, Tesuque, and Isleta, and one now in Texas, Ysleta del Sur. The authors trace the complex tangle of conflicting jurisdictions and laws these pueblos faced when defending their extremely limited land and water resources. The communities often met such challenges in court, and sometimes, as in the case of Tesuque Pueblo in 1922, took matters into their own hands. Ebright and Hendricks describe how, at times aided by appointed Spanish officials, private lawyers, priests, and Indian agents, each pueblo resisted various non-Indian institutional and legal pressures and how each suffered defeat in the Court of Private Land Claims and the Pueblo Lands Board only to assert its sovereignty again and again. Although some of these defenses led to stunning victories, all five pueblos experienced serious population declines. Some were even temporarily abandoned. That all have subsequently seen a return to their traditions and ceremonies and ultimately have survived and thrived is a testimony to their resilience. Their stories, documented here in extraordinary detail, are critical to a complete understanding of the history of the Pueblos and of the American Southwest.

Advocates for the Oppressed
 Malcolm Ebright, 2014-12-01
 Struggles over land and water have determined much of New Mexico's long history. The outcome of such disputes, especially in colonial times, often depended on which party had a strong advocate to argue a case before a local tribunal or on appeal. This book is partly about the advocates who represented the parties to these disputes, but it is most of all about the Hispanos, Indians, and Genzars. Hispanized nomadic Indians themselves and the land they lived on and fought for. Having written about Hispano land grants and Pueblo Indian grants separately, Malcolm Ebright now brings these narratives together for the first time, reconnecting them and resurrecting lost histories. He emphasizes the success that advocates for Indians, Genzars, and Hispanos have had in achieving justice for marginalized people through the

return of lost lands and by reestablishing the right to use those lands for traditional purposes **History of Fort Davis,**
