The Spanish Civil War Paul Preston, 2012-08-27 The definitive work on the Spanish Civil War a classic of modern historical scholarship and a masterful narrative Paul Preston is the world's foremost historian of Spain This surging history recounts the struggles of the 1936 war in which more than 3 000 Americans took up arms Tracking the emergence of Francisco Franco's brutal and ultimately extraordinarily durable fascist dictatorship Preston assesses the ways in which the Spanish Civil War presaged the Second World War that ensued so rapidly after it The attempted social revolution in Spain awakened progressive hopes during the Depression but the conflict quickly escalated into a new and horrific form of warfare As Preston shows the unprecedented levels of brutality were burned into the American consciousness as never before by the revolutionary war reporting of Ernest Hemingway John Dos Passos Herbert Matthews Vincent Sheean Louis Fischer and many others Completely revised including previously unseen material on Franco's treatment of women in wartime prisons *The Spanish Civil War* is a classic work on this pivotal epoch in the twentieth century

The Spanish Civil War and the British Labour Movement Tom Buchanan, 1991-02-21 This book draws on a mass of documentary material to provide a major reinterpretation of British labour's response to the Spanish Civil War It challenges the view that the labour leadership betrayed the Spanish Republic and that this polarised the movement along left versus right lines Instead it argues that the overriding concern of the major leaders was to defend labour's institutional interests against the political destabilisation caused by the conflict rather than to defend Spanish democracy Although the main advocates of this position were trade union leaders associated with the labour right such as Walter Citrine and Ernest Bevin the book argues that their dominance reflected the centrality of the trade unions to labour movement decision making rather than the abuse of union power to achieve political goals

The Greek Civil War Thanasis D. Sfikas,2017-07-05 Half a century after the civil war which tore apart Greek society in the 1940s the essays in this volume look back to examine the crisis They combine the approaches of political and international history with the latest research into the social economic religious cultural ideological and literary aspects of the struggle Underpinned by the use of a wide range of hitherto neglected sources the contributions shed new light broaden the scope of inquiry and offer fresh analysis Thus far comparative approaches have not been employed in the study of the Greek Civil War The papers here redress this imbalance and establish the not always so clear links between Greek and European historical developments in the 1940s placing the evolution of Greek society and politics in a European context They also highlight the complexity and interconnections of the social economic and political cleavages that split Greek society and provide a comprehensive and subtle understanding of the origins course and impact of the Greek Civil War in a variety of contexts and levels The volume will appeal to those interested in the European history of the 1940s and the origins of the Cold War in addition to the specialists of modern Greek history and those engaged in the comparative study of civil wars

Women Political Prisoners after the Spanish Civil War Ruth Fisher,2020-11-24 At the end of the Spanish Civil War the Nationalist government instigated mass repression against anyone suspected of loyalty to the

defeated Republican side Around 200 000 people were imprisoned for political crimes in the weeks and months following 1st April 1939 including thousands of women who were charged with offences ranging from directing the home front to supporting their loved ones engaged in combat Many women wrote and published texts about their experiences seeking to make their voices heard and to counteract the dehumanising master narrative of the right wing victors that had criminalised their existence The memoirs of Communist women such as Tomasa Cuevas and Juana Do a have heavily influenced our understanding of life in prison for women under franquismo while texts by non Communist women have largely been ignored This monograph offers a comparative study of the life writing of female political prisoners in Spain focusing on six texts in particular the two volumes of *Crucel de mujeres* by Tomasa Cuevas *Desde la noche y la niebla* by Juana Do a *R quien por la libertad* by Angeles Garc a Madrid *Abajo las dictaduras* by Josefa Garcia Segret and *Aquello sucedi as* by Angeles Malonda All the texts share common themes such as describing the hunger and repression that all political prisoners suffered However the ideologically driven narratives of Communist women often foreground representations of resistance at the expense of exploring the emotional and intellectual struggle for survival that many women political prisoners faced in the aftermath of the Spanish Civil War This study nuances our understanding of imprisoned women as individuals and as a collective analysing how women political prisoners sought recognition and justice in the face of a vindictive dictatorship It also explores the women s response to the spirit of *convivencia* during the transition to democracy which once again threatened to silence them
