United States. Congress. House. Committee on Financial Services,2007 Internet-Based Intelligence in Public Health Emergencies E. Mordini,M. Green,2013-02-28 Momentous social events result from the sum of micro level changes in daily individual life and by observing and fusing publicly available data such as web searches and other internet traffic it is possible to anticipate events such as disease outbreaks However this ability is not without risks and public concern about the possible consequences of improper use of this technology cannot be ignored Opportunities for open discussion and democratic scrutiny are required This book has its origins in the workshop Internet Based Intelligence for Public Health Emergencies and Disease Outbreak Technical Medical and Regulatory Issues held in Haifa Israel in March 2011 The workshop was attended by 28 invited delegates from nine countries representing various disciplines such as public health ethics sociology informatics policy making intelligence and security and was supported by the NATO Science for Peace and Security Programme Its starting point was the 2009 outbreak of swine flu in Mexico The book includes both scientific contributions presented during the meeting and some additional articles that were submitted later Interactions between public health and information and communication technologies are destined to be of great importance in the future This book is a contribution to the ongoing dialogue between scholars and practitioners which will be essential to public acceptance and safety as we rely more and more on the internet for predicting trends decision making and communication with the public

Latin Music Ilan Stavans,2014-07-29 This definitive two volume encyclopedia of Latin music spans 5 centuries and 25 countries showcasing musicians from Celia Cruz to Plácido Domingo and describing dozens of rhythms and essential themes Eight years in the making Latin Music Musicians Genres and Themes is the definitive work on the topic providing an unparalleled resource for students and scholars of music Latino culture Hispanic civilization popular culture and Latin American countries Comprising work from nearly 50 contributors from Spain Latin America the Caribbean and the United States this two volume work showcases how Latin music regardless of its specific form or cultural origins is the passionate expression of a people in constant dialogue with the world The entries in this expansive encyclopedia range over topics as diverse as musical instruments record cover art festivals and celebrations the institution of slavery feminism and patriotism The music traditions and history of more than two dozen countries such as Argentina Brazil Costa Rica Cuba El Salvador Guatemala Honduras Mexico Panama Spain and Venezuela are detailed allowing readers to see past common stereotypes and appreciate the many different forms of this broadly defined art form *Insurgency Online* Michael York Dartnell,2006-01-01 In *Insurgency Online* Michael Dartnell focuses on a new form of conflict made possible by global communications The Internet Dartnell argues is affecting extensive changes to the way politics are carried out by inserting a range of non state actors onto the global political stage He demonstrates that Web activism raises issues about the organization of societies and

the distribution of power and contends that the development of online activism has far reaching social and political implications with parallels to the influence of the invention of the printing press the telegraph and the radio Dartnell concentrates on Web activists who use the Net as a media tool distinguishing this use from information terrorism which threatens or harasses through hacking or electronic sabotage Using the examples of the Revolutionary Association of the Women of Afghanistan RAWA which opposed the Taliban the Peruvian Movimiento Revolucionario Tupac Amaru MRTA and its campaign against the Fujimori government and the Irish Republican Socialist Movement IRSM Dartnell evaluates the political implications and general character of Web activism among non state actors Insurgency Online shows that online activism is a ripe new territory for non governmental actors to raise awareness and develop support around the world
