Pratt, Bogum Yoon, 2022-12-19 Primary Language Impact on Second Language and Literacy Learning Linguistically Responsive Strategies for Classroom Teachers provides educators with foundational knowledge on how students' native languages influence their learning of English language and literacy. Linguistically diverse students increasingly populate current classrooms and it is important for educators to have general linguistic and cross-linguistic knowledge to provide students with equitable access to the language and content of school. By discussing English language learners (ELLs), primary language norms, positive and negative transfer, and culturally sustaining resources, this book helps educators understand how to support ELLs' use of their primary language as an asset when engaging in English language and literacy learning experiences. *TEACHING ENGLISH IN GLOBAL CONTEXTS:*

Language, Learners and Learning Valentina Canese, Susan Spezzini, 2023-11-07 **Teaching Beyond Spoken Words** Lilly Padía, This book presents strategies to help educators understand, communicate with, and support their multilingual nonspeaking children. We often tell parents and caregivers to carry over specific skills and strategies that are taught to their children in classrooms and provider sessions, but rarely if ever do we encourage educators to carry over strategies that are occurring in the child's family and community. Centered on case studies of four families of nonspeaking bilingual children, this book demonstrates the vibrant communication systems families create to navigate daily life together. Each chapter includes teaching tools and blueprints for collaborating with students and families to best support bilingual nonspeaking learners and all children through expansive classroom communication. This resource includes graphic organizers and lesson materials for incorporating multimodal multilingual communication practices into preschool, kindergarten, and elementary school classrooms and learning spaces. **Book Features:** Centers the communication practices of bilingual nonspeaking children to rewrite how everyone communicates in the classroom. Offers a roadmap for expanding perceptions of communication, bilingualism, and meaning-making to improve learning for all students and educators. Includes Teaching in Action materials with every chapter to help readers enact communicative justice in their own learning communities and classrooms.
