Spanish Popular Film Under Franco:

Popular Spanish Film Under Franco S. Marsh, 2005-12-15 *Popular Spanish Film Under Franco* is the first book of its kind to analyze cinematic comedy during the initial two decades of Francisco Franco's dictatorship. Focusing on the intersection between popular culture and political populism, it breaks new theoretical ground in re-evaluating the policies of the regime and the tactics employed by those who sought to undermine it. Its cultural studies approach, combining Gramsci, de Certeau, and Bakhtin, interrogates the ambiguous nature of subversion and challenges common assumptions concerning post-war Spanish film.

Spanish Film Under Franco Virginia Higginbotham, 2014-01-27 How does a totalitarian government influence the arts and how do the arts respond? *Spanish Film Under Franco* raises these important questions, giving English speakers a starting point in their study of Spanish cinema. After a brief overview of Spanish film before Franco, the author proceeds to a discussion of censorship as practiced by the Franco regime. The response of directors to censorship, the franquista aesthetic, or aesthetic of repression with its highly metaphorical oblique style, is explored in the works of Luis Buñuel, Carlos Saura, Juan Antonio Bardem, Luis García Berlanga, and other important directors. Virginia Higginbotham combines historical perspective with detailed critical analysis and interpretation of many famous Franco-era films. She shows how directors managed to evade the censors and raise public awareness of issues relating to the Spanish Civil War and the repressions of the Franco regime. Film has always performed an educational function in Spain, reaching masses of poor and uneducated citizens. And sometimes, as this study also reveals, Spanish film has been ignored when the questions it raised became too painful or demanding. The author concludes with a look at post-Franco cinema and the directions it has taken. For anyone interested in modern Spanish film, this book will be essential reading.

Spanish Popular Cinema Antonio Lázaro Reboll, Andrew Willis, 2004-09-04 This is the first collection in English to focus exclusively on the various forms of popular film produced in Spain and to acknowledge the variety, range, and depth of Spanish cinema. Contributors from across Hispanic media and cultural studies explore a range of genres from the musicals of the 1930s and 1940s to contemporary horror movies, historical epics of the 1940s and 1950s, and contemporary representations of the Spanish Civil War. The book includes reappraisals of key popular directors such as Luis García Berlanga and Antonio Mercero, as well as critical analyses of celebrated stars like Marisol. It provides innovative consideration of the promotion and reception of horror in the 1960s, recollections of cinema-going in Madrid, and reflections on successful recent works such as *Abre los Ojos* and *Solas*.

A History of Spanish Film Sally Faulkner, 2013-04-11 *A History of Spanish Film* explores Spanish film from the beginnings of the industry to the present day by combining some of the most exciting work taking place in film studies with some of the most urgent questions that have preoccupied twentieth-century Spain. It addresses new questions in film studies like prestige film and middlebrow cinema and places these in the context of a country defined by social mobility, including the 1920s industrial boom, the 1940s post-Civil War depression, and the mass movement into the middle classes from the 1960s onwards.

Confessional Cinema Jorge Perez, 2017-06-16 In Confessional Cinema Jorge Perez

analyzes how cinema engaged the shifting role of religion during the last fifteen years of Francisco Franco's dictatorship Pérez interrogates the assumption that after 1957 when the Franco regime recast itself in a secular and modernizing fashion religion vanished from the cultural field. Instead Spanish cinema addressed the transformation within Spanish Catholicism following Vatican II and Spain's modernization processes. Confessional Cinema offers the first analysis of a neglected body of Spanish films: nun films which focus on the active role of religious women in the transformation of Spanish Catholicism. Pérez argues that commercial films despite being less aesthetically accomplished delved more than oppositional art house films into the fluctuating zeitgeist of the development years regarding the transformations within Spanish Catholicism. Confessional Cinema offers a provocative and original analysis of the significance of religion not from a theological point of view but rather as a socio-political force and cultural determinant in the Spanish public sphere of this period known as desarrollismo: development years from 1960-1975. Historical Dictionary of Spanish Cinema Alberto Mira, 2019-12-04. Historical Dictionary of Spanish Cinema covers Spanish cinema: its treasures, its constant attempts to break through internationally, reaching out towards universal themes and conventions and the specific obstacles and opportunities that have shaped the careers of filmmakers and stars. This book contains a chronology, an introduction, an appendix and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on titles, movements, filmmakers and performers and genres such as homosexuality, nuevo cine español or horror. This book is an excellent resource for students, researchers and anyone wanting to know more about Spanish cinema. Casting Masculinity in Spanish Film Mary T. Hartson, 2017-09-13. The rise of consumerism in the twentieth and twenty-first centuries radically changed the way we perceive ourselves and the world around us. And as it has throughout history, the social construct of ideal masculinity both reflects and responds to that lived reality, helping individuals adapt. Through a close study of Spanish film of the twentieth and twenty-first centuries, this book investigates hegemonic or dominant masculinity in the wake of dramatic consumer changes that occurred in Spain. It explores the ways in which masculine identity as represented in Spanish film positions itself in relation to desire and consumption, focusing especially on representations of hegemonic masculinity from the almost 40-year dictatorship of General Francisco Franco through the transition to democracy and into the early 1990s. Using psychoanalytic theory as employed primarily by Todd McGowan and Slavoj Žižek, this book analyzes cinematic representations of hegemonic masculine models along with those portrayed as less favorable to understand how political, social and economic changes in Spain in the twentieth and early twenty-first centuries affect the process of masculine identity formation. In the shift from a society of prohibition to a society of commanded enjoyment, hegemonic masculinity as represented in Spanish film changes dramatically, initially organizing itself around prohibition and self-renunciation in the early Franco dictatorship and later with neoliberal reforms and mass media promotion of consumerist values starting in the 1950s, reorienting itself around desire and enjoyment embodied for example in the sexually promiscuous fashionable young man of the 1970s.

Personal pleasure and the satisfaction of one's desires replace submission obedience and self abnegation leading to a reconstruction of masculine identities in a social context that appears increasingly fragmented plural and individualistic The primary innovation of this text involves the repositioning of consumerism as a fundamental force in the formation of Spanish masculinity and showing how widely disseminated masculine models serve to accommodate political social and economic demands
