Patra, 2016-03-03 The world has been divided into many different lands where the rich and poor live In addition to that several people have been granted with powers to control the elements Rukia Benton is one of those people Given the gift to control fire she does her best to keep it a secret from the world Living up in the rich hills of Calensa she has been protected by her family from all the dangers lying below However it leaves her lonely and desperate for someone to talk to Living below in the poverty stricken lands of the Velt is Kian Ortiz Shah Though only eighteen he s well respected among his peers He has grown up to hate the Elementals thinking that they are the ones who have ruined his life As a result he has also become a hunter of Elementals plotting to get rid of the monsters who cause destruction and devastation One night Kian meets Rukia and both are unaware of each other s secrets It s an attraction that gets them both Like moths drawn to flames they fall for each other However will they be able to survive despite their differences And how will they react once they learn each other s truth Preventing Accidents by the Proper Use of Permissible Explosives Daniel Harrington, Spencer Pritchard Howell, 1936 **Technical Paper** ,1943
