The Selected Works of T. S. Spivet Reif Larsen, 2010-04-27 A brilliant boundary leaping debut novel tracing twelve year old genius map maker T S Spivet's attempts to understand the ways of the world When twelve year old genius cartographer T S Spivet receives an unexpected phone call from the Smithsonian announcing he has won the prestigious Baird Award life as normal if you consider mapping family dinner table conversation normal is interrupted and a wild cross country adventure begins taking T S from his family ranch just north of Divide Montana to the museum's hallowed halls T S sets out alone leaving before dawn with a plan to hop a freight train and hobo east Once aboard his adventures step into high gear and he meticulously maps charts and illustrates his exploits documenting mythical wormholes in the Midwest the urban phenomenon of rims and the pleasures of McDonald's among other things We come to see the world through T S's eyes and in his thorough investigation of the outside world he also reveals himself As he travels away from the ranch and his family we learn how the journey also brings him closer to home A secret family history found within his luggage tells the story of T S's ancestors and their long ago passage west offering profound insight into the family he left behind and his role within it As T S reads he discovers the sometimes shadowy boundary between fact and fiction and realizes that for all his analytical rigor the world around him is a mystery All that he has learned is tested when he arrives at the capital to claim his prize and is welcomed into science's inner circle For all its shine fame seems more highly valued than ideas in this new world and friends are hard to find T S's trip begins at the Copper Top Ranch and the last known place he stands is Washington D C but his journey's movement is far harder to track How do you map the delicate lessons learned about family and self How do you depict how it feels to first venture out on your own Is there a definitive way to communicate the ebbs and tides of heartbreak loss loneliness love These are the questions that strike at the core of this very special debut Now a major motion picture directed by Jean Pierre Jeunet and starring Kyle Catlett and Helena Bonham Carter

militia the CDF This book examines how human networks worked in the course of the formation of Kamajor and of the CDF Even though the roles of human networks have been discussed in the realm of African politics they have been left hypothetical Few studies demonstrate the whole picture on how neopatrimonialism patronclient relations or informal networks function within an organisation This book describes the course of Kamajor CDF along with functions of the human networks In the networks the threads of human relations are interwoven by subsuming the local the international and the global dimensions of the armed conflict Some connect to governmental figures Others have transnational networks in adjacent Liberia In the changing situations of the war some of the relations are maintained while some relations are disintegrated Those who emerge as prominent figures in the Kamajor CDF use their own human networks to obtain resources for the Kamajor CDF which in turn afford themselves higher positions in the force The Very Worried Sparrow

Seyed-Gohrab,2021-08-23 This book is the first extensive research on the role of poetry during the Iranian Revolution 1979 and the Iran Iraq War 1980 1988 How can poetry especially peaceful medieval Sufi poems be applied to exalt violence to present death as martyrdom and to process war traumas Examining poetry by both Islamic revolutionary and established dissident poets it demonstrates how poetry spurs people to action even leading them to sacrifice their lives The book s originality lies in fresh analyses of how themes such as martyrdom and violence and mystical themes such as love and wine are integrated in a vehemently political context while showing how Shiite ritual such as the pilgrimage to Mecca clash with Saudi Wahhabi appreciations A distinguishing quality of the book is its examination of how martyrdom was instilled in the minds of Iranians through poetry employing Sufi themes motifs and doctrines to justify death Such inculcation proved effective in mobilising people to the front ready to sacrifice their lives As such the book is a must for readers interested in Iranian culture and history in Sufi poetry in martyrdom and war poetry Those involved with Middle Eastern Studies Iranian Studies Literary Studies Political Philosophy and Religious Studies will benefit from this book From his own memories and
