Sittin On Top Of The World:

African American Folksong and American Cultural Politics Bruce M. Conforth, 2013-05-16 In African American Folksong and American Cultural Politics The Lawrence Gellert Story scholar and musician Bruce Conforth tells the story of one of the most unusual collections of African American folk music ever amassed and the remarkable story of the man who produced it Lawrence Gellert Compiled between the World Wars Gellert's recordings were immediately adopted by the American Left as the voice of the true American proletariat with the songs largely variants of traditional work songs or blues dubbed by the Left as songs of protest As both the songs and Gellert's standing itself turned into propaganda weapons of left wing agitators Gellert experienced a meteoric rise within the circles of left wing organizations and the American Communist party But such success proved ephemeral with Gellert contributing to his own neglect by steadfastly refusing to release information about where and from whom he had collected his recordings Later scholars as a result would skip over his closely held largely inaccessible research with some asserting Gellert's work had been doctored for political purposes And to a certain extent they were correct Conforth reveals how Gellert at least assisted in the creation of some of his more political material But hidden behind the few protest songs that Gellert allowed to become public was a vast body of legitimate African America folksongs enough to rival the work of any of his contemporary collectors Had Gellert granted access to all his material scholars would have quickly seen that it comprised an incredibly complete and diverse collection of all African American song genres work songs blues chants spirituals as well as the largest body of African American folktales about Irish Americans what were referred to as One Time Irishman tales It also included vast swaths of African American oral literature collected by Gellert as part of the Federal Writers Project In African American Folksong and American Cultural Politics Conforth brings to light for the first time the entire body of work collected by Lawrence Gellert establishing his place and the place for the material he collected within the pages of American folk song scholarship In addition to shedding new light on the concept of protest music within African American folk music Conforth discusses the unique relationship of the American Left to this music and how personal psychology and the demands of the American Communist party would come to ruin Gellert's life African American Folksong and American Cultural Politics will appeal to students and scholars in the fields of American social and political history African American studies the history of American folk music and ethnomusicology

Understanding Rock John Covach, Graeme M. Boone, 1997-11-20 Amid the recent increase in scholarly attention to rock music Understanding Rock stands out as one of the first books that subjects diverse aspects of the music itself to close and sophisticated analytical scrutiny Written by some of the best young scholars in musicology and music theory the essays in this volume use harmonic melodic rhythmic formal and textual approaches in order to show how and why rock music works as music Topics of discussion include the adaptation of blues and other styles to rock the craft of songwriting techniques and strategies of improvisation the reinterpretation of older songs and the use of the recording studio as a compositional tool A

broad range of styles and groups is covered including Yes the Beach Boys Cream k d lang Paul Simon Jimi Hendrix and the Grateful Dead

Stirring the Dust Henry Bender,2011-07-01 Witty and fascinating perspectives unfold in Stirring the Dust Brimming with humor and frankness Stirring the Dust is something that readers will enjoy and at the same time gain insights from In his works Bender allows the reader to see through his eyes and get a glimpse of what life was like in Ocean City NJ and other places in the 80s and 90s

Bob Dylan All the Songs Philippe Margotin,Jean-Michel Guesdon,2022-01-18 An updated edition of the most comprehensive account of Bob Dylan s Nobel Prize winning work yet published with the full story of every recording session every album and every single released during his nearly 60 year career Bob Dylan All the Songs focuses on Dylan s creative process and his organic unencumbered style of recording It is the only book to tell the stories many unfamiliar even to his most fervent fans behind the more than 500 songs he has released over the span of his career Organized chronologically by album Margotin and Guesdon detail the origins of his melodies and lyrics his process in the recording studio the instruments he used and the contribution of a myriad of musicians and producers to his canon
