Parenting for Primates Harriet J Smith, 2009-06-30 In this natural history of primate parenting Smith compares parenting by nonhuman and human primates In a narrative rich with vivid anecdotes derived from interviews with primatologists from her own experience breeding cottontop tamarin monkeys for over thirty years and from her clinical psychology practice Smith describes the ways that primates care for their offspring from infancy through young adulthood **Scholarly**

Resources for Children and Childhood Studies Vibiana Bowman, 2007-02-08 Editor Vibiana Bowman has drawn together contributions from some of the leading scholars in the interdisciplinary field of children and childhood studies CCS in this guided approach to literature searching in CCS The contributors to this book are both faculty currently teaching in the area of CCS and academic librarians The charge given to each contributor was to write a chapter that explained the process of scholarly research in his or her own particular area of expertise to a student unfamiliar with that discipline Towards this end the book provides background information about interdisciplinary study in general and children and childhood studies in particular as well as an outline of basic research practices Each contributor serves as a mentor and suggests a search strategy discusses significant concepts and vocabulary and lists the major resources that scholars in that area would be expected to use Not intended as an exhaustive list of in print research resources rather the emphasis throughout this guide is on useful resources and effective research methodologies As the field of CCS continues to evolve in the upcoming years Scholarly Resources for Children and Childhood Studies will serve as an excellent stepping stone for those just entering the area

Six Cultures Studies Of Child Rearing Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Six Cultures Studies Of Child Rearing**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
