THE SOCIOPOLITICS OF ENGLISH LANGUAGE TEACHING

Edited by
**JOAN KELLY HALL &
WILLIAM G. EGGINGTON**

MULTILINGUAL MATTERS

Sociopolitics Of English Language Teaching

Joan Kelly Hall, William Eggington

Sociopolitics Of English Language Teaching:

The Sociopolitics of English Language Teaching Joan Kelly Hall, William Eggington, 2000-01-01 The sociopolitical dimensions of English language teaching are central to the English language professional. These dimensions include language policies, cultural expectations, and the societal roles of languages. This book aims to present these issues to practicing and aspiring teachers in order to raise awareness of the sociopolitical nature of English language teaching. *The Sociopolitics of English Language Teaching* Joan Kelly Hall, William Eggington, 2000 This text aims to present such dimensions as language policies, cultural expectations, and the societal roles of languages to practising and aspiring teachers in order to raise awareness of the sociopolitical nature of English language teaching. **The Sociopolitics of English Language Testing**

Seyyed-Abdolhamid Mirhosseini, Peter De Costa, 2020-02-20 Highlighting marginalized but significant perspectives about the sociopolitical essence of English language tests and testing processes worldwide, this book explores the social considerations of testing theories and practices from a critical perspective. Investigating concerns surrounding power inequalities, *The Sociopolitics of English Language Testing* takes a socially situated view of language assessment, bringing sociopolitical understandings of language teaching, learning, and assessment to the forefront in the field. Within the broader discussion of the politics of test use, an international team of language and education experts address the issues of ideology, diversity, power, and dominance in English language testing. Through socially sensitive theoretical as well as empirical discussion and investigation of English language testing, this book offers valuable insights not only to applied linguists and the language education community who have focused on positivistic and cognitively oriented conceptions of language testing, but to anyone who wishes to venture beyond the traditional bounds of the field. **Englishes in English Language Teaching** Marzieh

Sadeghpour, 2019-07-23 The unprecedented growth and recognition of new world Englishes call for English language teaching programs to consider the place and relevance of the paradigm of World Englishes to the content and delivery of their curricula. This concern is particularly compelling in the multi-variety contexts such as Australia, where speakers from different Kachruvian Circles interact frequently with one another. Investigating the place and pertinence of World Englishes in English language teaching in Australia, this book explores the perceptions of English language teachers from culturally and linguistically diverse backgrounds working in Australia. Looking at the effect on teachers' confidence when dealing with different varieties of English, the pedagogical implications, and the causes of varying degrees of perception among teachers, the author highlights the possible changes that could take place that would pave the ground for the development of World Englishes-informed curriculum and pedagogy for English as an International Language, which would in turn provide opportunities for learners to develop requisite competencies for intercultural communication. These are the skills which enable learners to successfully interact with speakers of various Englishes and negotiate and navigate with their interlocutors the differing cultural conceptualisations associated with the varieties of English during international and

intercultural communication Vital reading for anyone researching English language teaching or varieties of English and those teaching English as an international language anywhere in the world *International Handbook of English Language Teaching* Jim Cummins, Chris Davison, 2007-12-31 This two volume handbook provides a comprehensive examination of policy practice research and theory related to English language teaching ELT in international contexts Nearly 70 chapters highlight the research foundation for the best practices frameworks for policy decisions and areas of consensus and controversy in the teaching and development of English as a second and or additional language for kindergarten through to adult speakers of languages other than English In doing so it problematizes traditional dichotomies and challenges the very terms that provide the traditional foundations of the field A wide range of terms has been used to refer to the key players involved in the teaching and learning of the English language and to the enterprise of English language teaching as a whole At various times and in different contexts the following labels have been used in countries where English is the dominant language to describe programs learners or teachers of English English as a second language ESL English as an additional language EAL limited English proficient LEP and English language learners ELL In contexts where English is not the dominant language the following terms have been used English as a foreign language EFL English as an international language EIL and English as a lingua franca ELF

The Routledge Handbook of English Language Teaching Graham Hall, 2016-05-12 The Routledge Handbook of English Language Teaching is the definitive reference volume for postgraduate and advanced undergraduate students of Applied Linguistics ELT TESOL and Language Teacher Education and for ELT professionals engaged in in service teacher development and or undertaking academic study Progressing from broader contextual issues to a narrower focus on classrooms and classroom discourse the volume's inter related themes focus on ELT in the world contexts and goals planning and organising ELT curriculum resources and settings methods and methodology perspectives and practices second language learning and learners teaching language knowledge skills and pedagogy understanding the language classroom The Handbook's 39 chapters are written by leading figures in ELT from around the world Mindful of the diverse pedagogical institutional and social contexts for ELT they convincingly present the key issues areas of debate and dispute and likely future developments in ELT from an applied linguistics perspective Throughout the volume readers are encouraged to develop their own thinking and practice in contextually appropriate ways assisted by discussion questions and suggestions for further reading that accompany every chapter Advisory board Guy Cook Diane Larsen Freeman Amy Tsui and Steve Walsh

A Sociopolitical Agenda for TESOL Teacher Education Peter De Costa, Özgehan Ustuk, 2023-10-05 Teaching English to Speakers of Other Languages TESOL sits at the nexus of constant change which makes it vitally important for language teachers to engage in continuous development and keep abreast of the sociopolitical milieu in which they are embedded However most teacher education activities are often associated with what is perceived as best practices that are expected to be adopted often uncritically for classroom application and practice with the intention of training teachers to

become technicians in their respective classrooms In reality TESOL practitioners often find themselves in situations that require them to be reflexive practitioners and to negotiate sites of political struggles and social injustice Given that a socially situated understanding of TESOL teacher education is often overlooked this volume highlights the sociopolitical dimensions of TESOL teacher education In Part 1 the authors introduce the theoretical underpinnings of the sociopolitical agenda proposed by this volume Building on these theories Part 2 realizes the proposed agenda by situating it within actual TESOL teacher education contexts that are characterized by power imbalances and neoliberally inflected educational injustices

Exploring English Language Teaching Graham Hall, 2011-03-08 Winner of the BAAL Book Prize 2012 Routledge Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics primarily designed for those entering postgraduate studies and language professionals returning to academic study The books take an innovative practice to theory approach with a back to front structure This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations Additional features include tasks with commentaries a glossary of key terms and an annotated further reading section Exploring English Language Teaching provides a single volume introduction to the field of ELT from an applied linguistics perspective The book addresses four central themes within English language teaching Classroom interaction and management Method Postmethod and methodology Learners and the Institutional frameworks and social contexts of ELT For each the book identifies key dilemmas and practices examines how teachers and other language teaching professionals might intervene and deal with these concerns and explores how such issues link to and inform applied linguistic theory Exploring English Language Teaching is an indispensable textbook for language teachers and for post graduate graduate students and advanced undergraduates studying in the areas of Applied Linguistics Language Teacher Education and ELT TESOL

Values in English Language Teaching Bill Johnston, 2003-01-30 Explores the unspoken values ethical dilemmas that underlie the teaching of English as a second or a foreign language using philosophical analysis built around specific real life situations Relevant for prospective practicing teachers in the field

Foundations of Bilingual Education and Bilingualism Colin Baker, 2011 Written as an introductory text from a crossdisciplinary perspective this book covers individual and societal concepts in minority and majority languages
