Women's Sports Jaime Schultz, 2018-08-01 Although girls and women account for approximately 40 percent of all athletes in the United States they receive only 4 percent of the total sport media coverage SportsCenter ESPN s flagship program dedicates less than 2 percent of its airtime to women Local news networks devote less than 5 percent of their programming to women s sports Excluding Sports Illustrated s annual Swimsuit Issue women appear on just 4.9 percent of the magazine s covers Media is a powerful indication of the culture surrounding sport in the United States Why are women underrepresented in sports media Sports Illustrated journalist Andy Benoit infamously remarked that women s sports are not worth watching Although he later apologized Benoit s comment points to more general lack of awareness Consider for example the confusion surrounding Title IX the U S Law that prohibits sex discrimination in any educational program that receives federal financial assistance Is Title IX to blame when administrators drop men s athletic programs Is it lack of interest or lack of opportunity that causes girls and women to participate in sport at lower rates than boys and men In Women s Sports What Everyone Needs to Know Jaime Schultz tackles these questions along with

many others to upend the misunderstandings that plague women's sports. Using historical contemporary scholarly and popular sources, Schultz traces the progress and pitfalls of women's involvement in sport. In the signature question and answer format of the What Everyone Needs to Know series, this short and accessible book clarifies misconceptions that dog women's athletics and offers much needed context and history to illuminate the struggles and inequalities sportswomen continue to face. By exploring issues such as gender, sexuality, sex segregation, the Olympic and Paralympic Games, media coverage, and the sport health connection, Schultz shows why women's sports are not just worth watching but worth playing, supporting, and fighting for.

A Game of Their Own Jennifer Ring, 2015-04-01. *A Game of Their Own* chronicles the largely invisible history of women in baseball and offers an account of the 2010 Women's World Cup tournament. Jennifer Ring includes oral histories of eleven members of the U.S. Women's National Team from the moment each player picked up a bat and ball as a young girl to her selection for Team USA. Each story is unique but they share common themes that will resonate with young female players and fans alike: facing skepticism and taunts from players and parents when taking the batter's box or the pitcher's mound, self-doubt, the unceasing pressure to switch to softball, and eventual acceptance by their baseball teammates as they prove themselves as ballplayers. These racially, culturally, and economically diverse players from across the country have ignored the message that their love of the national pastime is wrong. Their stories come alive as they recount their battles and most memorable moments playing baseball: the joys of exceeding expectations and the pleasure of honing baseball skills and talent despite the lack of support.

All the Way Kat D. Williams, 2025-03-18. The inspiring biography of former women's professional baseball player Maybelle Blair. Maybelle Blair's entire life has been about baseball: women's baseball. About playing it, preserving its history, and making it accessible to everyone. A former player for the All-American Girls Professional Baseball League that inspired the movie *A League of Their Own*, Maybelle broke down barriers for women in the sport and continues to be a mentor for young girls who seek opportunities to play and is an inspiration for the LGBTQ community. In *All the Way: The Life of Baseball Trailblazer Maybelle Blair*, Kat D. Williams tells Maybelle's incredible story. She recounts how, as a young girl in the 1930s, Maybelle and her family built a field where they could all play. In elementary school, Maybelle convinced a teacher that they should have a girls' softball team alongside the boys. As her talent grew, so did her opportunities to play at higher and higher

levels culminating with the All American Girls Professional Baseball League When her playing days were over Maybelle became the first female director of transportation for Northrop Aircraft was an advisor for A League of Their Own helped found the non profit International Women s Baseball Center and at 94 years old came out to the world Featuring extensive insight from interviews with Maybelle All the Way brings to life the struggles and triumphs of female ballplayers in the 1930s 40s and 50s as well as the struggles they continue to face today It also provides an honest look at the dangers mid 20th century lesbians faced and how coming out even at 94 can be empowering
