Marcel Duchamp and the Art of Life Jacquelynn Baas, 2019-11-19 A groundbreaking reading of Duchamp's work as informed by Asian esoterism energetic spiritual practices identifying creative energy with the erotic impulse Considered by many to be the most important artist of the twentieth century the object of intensive critical scrutiny

and extensive theorizing Marcel Duchamp remains an enigma He may be the most intellectual artist of all time and yet toward the end of his life he said If you wish my art would be that of living each second each breath is a work which is inscribed nowhere which is neither visual or cerebral In Marcel Duchamp and the Art of Life Jacquelynn Baas offers a groundbreaking new reading of Duchamp arguing in particular that his work may have been informed by Asian esoterism energetic spiritual practices that identify creative energy with the erotic impulse Duchamp drew on a wide range of sources for his art from science and mathematics to alchemy Largely overlooked until now have been Asian spiritual practices including Indo Tibetan tantra Baas presents evidence that Duchamp s version of artistic realization was grounded in a western interpretation of Asian mind training and body energetics designed to transform erotic energy into mental and spiritual liberation She offers close readings of many Duchamp works beginning and ending with his final work the mysterious shockingly explicit tant donn s 1 la chute d eau 2 le gaz d clairage Given 1 The Waterfall 2 The Illuminating Gas Generously illustrated with many images in color Marcel Duchamp and the Art of Life speculates that Duchamp viewed art making as part of an esoteric continuum grounded in Eros It asks us to unlearn what we think we know about both art and life in order to be open to experience Au Coeur Du Mot Philippe Apeloig,2001 Philippe Apeloig 1962 has established his reputation in the international poster scene since the end of the 1980s with works of a rare constant quality and an unerring sense for what it takes to design a poster His work above all that with an explicitly cultural content is well represented in the major collections Numerous exhibitions awards and membership of juries have consolidated his international reputation The publication contains an overview of his work for the first time **Black Sun** Julia Kristeva,1989 This study addresses melancholia examining the phenomenon in the context of art literature philosophy and the history of religion and culture as well as psychoanalysis It describes the depressive as one who perceives the sense of self as a crucial pursuit which is almost unobtainable Surrealism and Women Mary Ann Caws,Rudolf E. Kuenzli,Gwen Raaberg,1991-03-13 These sixteen illustrated essays present an important revision of surrealism by focusing on the works of women surrealists and their strategies to assert positions as creative subjects within a movement that regarded woman primarily as an object of masculine desire or fear While the male surrealists attacked aspects of the bourgeois order they reinforced the traditional patriarchal image of woman Their emphasis on dreams automatic writing and the unconscious reveal some of the least inhibited masculine fantasies The first resistance to the male surrealists projection of the female figure arose in the writings and paintings of marginalized woman artists and writers associated with Surrealism The essays in this collection explore the complexity of these women s works which simultaneously employ and subvert the dominant discourse of male surrealists Essays What Do Little Girls Dream Of The Insurgent Writing of Gis le Prassinis Finding What You Are Not Looking For From D jeuner en fourrure to Caroline Meret Oppenheim s Chronicle of Surrealism Speaking with Forked Tongues Male Discourse in Female Surrealism Androgyny Interview with Meret Oppenheim The Body Subversive Corporeal Imagery in Carrington

Connell, Delphine Gras, 2022-10-20 As one of the most prominent voices from and about the French Caribbean Gisèle Pineau
has garnered significant scholarly attention however this interest has culminated in precious few volumes devoted entirely to
the author and her work In response to this lack of in depth critical attention *Reimagining Resistance in Gisèle Pineau's
Works* brings together a range of perspectives from both sides of the Atlantic and across the Pacific to explore the unique
ways in which Gisèle Pineau's works redefine the concept of resistance particularly as it relates to gender race history and
Antillean identity As this volume ultimately demonstrates resistance holds up a mirror to the political economic and cultural
forces that have shaped the past construct the present and build the future It argues that Pineau's characters open the
narrative frame for reading them and move us beyond the categories of the wholly defiant or the inherently complicit Above
all as they invite us to reimagine resistance they expose our expectations and hopefully shift our understanding about what it
means to rise and to fall in a world we seek to call our own **Nerval. Masques et visage** Jean Guillaume, Jean-Louis
