## **Soviet American Confrontation Postwar Reconstruction And The Origins Of The Cold War:**

**Soviet-American Confrontation** Thomas G. Paterson,1996      **Soviet-American Confrontation; Postwar Reconstruction and the Origins of the Cold War [By] Thomas G. Paterson** Thomas G. Paterson,1973      **Stalin's Wars** Geoffrey Roberts,2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin's leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin's brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace      **The German Question and the Origins of the Cold War** Nicolas Lewkowicz,2008 The book analyses the role of the German Question in the origins of the Cold War The work evaluates the transformation which occurred in Germany and the post war international order due to the inter Allied work on denazification The author analyses the Rationalist aspects of superpower interaction with particular emphasis on the legal and diplomatic framework which sustained not only the treatment of the German Question but also the general context of inter Allied relations The author also tackles the conflictual aspects of the treatment of the German Question by examining superpower interaction in relation to the enforcement of their structural interests The main argument of the book is that due to the interaction between the elements of intervention and coexistence the German Question constituted the most significant issue in the configuration of the post war international order      **The Origins of the Cold War in the Near East** Bruce Robellet Kuniholm,2014-07-14 Bruce Kuniholm takes a regional perspective to focus on postwar diplomacy in Iran Turkey and Greece and efforts in these countries to maintain their independence from the Great Powers Drawing on a wide variety of secondary sources government documents private papers unpublished memoirs and extensive interviews with key figures he shows how the traditional struggle for power along the Northern Tier was a major factor in the origins and development of the Cold War between the U S and the U S S R Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover

editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*The Cambridge History of the Cold War* Melvyn P. Leffler, Odd Arne Westad, 2010-03-25 This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period A team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period

**The History of American Foreign Policy from 1895** Jerald A. Combs, Jessica Elkind, 2024-04-01 Now in its fifth edition this volume offers a clear concise and nuanced history of U S foreign relations since the Spanish American War and places that narrative within the context of the most influential historiographical trends and debates The History of American Foreign Policy from 1895 includes both revised and new sections that incorporate insights from recent scholarship on the United States in the world These sections devote more attention to the international framework as well as the domestic constraints under which American foreign policymakers operated This edition also emphasizes the role of non state actors such as missionaries aid workers activists and business leaders in shaping policies and contributing to international relations As a result the text considers a broader and more diverse range of people and voices than many other histories of U S foreign policy Expanded final chapters bring the story of U S foreign relations to the present and explore some of the contemporary challenges facing American and global leaders including terrorism the effects of climate change China s increasing influence and globalization Updated controversial issues sections and suggestions for further reading at the end of each chapter reflect important contributions from new studies This engaging text is an invaluable resource for students interested in the history of American foreign policy and international relations

NSC 68 and the Political Economy of the Early Cold War Curt Cardwell, 2011-06-13 NSC 68 and the Political Economy of the Early Cold War re examines the origins and implementation of NSC 68 the massive rearmament program that the United States embarked upon beginning in the summer of 1950 Curt Cardwell reinterprets the origins of NSC 68 to demonstrate that the aim of the program was less about containing communism than ensuring the survival of the nascent postwar global economy upon which rested postwar US prosperity The book challenges most studies on NSC 68 as a document of geostrategy and argues instead that it is more correctly understood as a document rooted in concerns for the US domestic political economy

**American Foreign Relations Reconsidered** Gordon Martel, 2002-11 Brings together 12 scholars of US foreign relations Each contributor provides a concise summary of an important theme in US affairs since the Spanish American War US policy process economic interests relations with the Third World and the nuclear arms race have been highlighted

*The Cambridge History of the Cold War: Volume 1, Origins* Melvyn P. Leffler, Odd Arne Westad, 2012-01-26 This volume examines the origins and early years of the Cold War In the first comprehensive reexamination of the period a team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period and

discusses how markets ideas and cultural interactions affected political discourse diplomacy and strategy after World War II The chapters focus not only on the United States and the Soviet Union but also on critical regions such as Europe the Balkans and East Asia The authors consider the most influential statesmen of the era and address issues that mattered to people around the globe food nutrition and resource allocation ethnicity race and religion science and technology national autonomy self determination and sovereignty In so doing they illuminate how people worldwide shaped the evolution of the increasingly bipolar conflict and in turn were ensnared by it Revisiting the Roots of the Cold War Michael G. Carew,2019-12-12

Revisiting the Roots of the Cold War is a history of the emergence of the Cold War from 1944 1948 emphasizing the recently available Soviet scholarship and information from other archives Prior scholarship on the origins of the Cold War served as the basis for the final works of James Gaddis George Kennan and Ernest May in the 1980s and with no access to Soviet materials these works ignored the effects of American demobilization and the major restructuring of the State and Defense Departments This study represents a more realistic appraisal of the formulation of U S policy American-Soviet Relations Peter G. Boyle,2022-12-28

American Soviet Relations 1993 is a study of American policy towards the Soviet Union from 1917 to the fall of Communism It attempts to understand what precisely were the roots of the Cold War and an analysis of the later relationship in the light of the Soviet Union s evolution since the Revolution It argues that American policy was shaped not only by the external threat from the USSR but also by internal forces within American society domestic politics economic interests emotional and psychological attitudes and images of the Soviet Union **Lend-lease, Loans, And The Coming Of The Cold War** Leon C Martel,2019-04-11

This is the first study to discuss in detail the implementation phase of policy decisions Dr Martel examines several related foreign policy decisions that contributed significantly to the coming of the Cold War President Truman s order to cut back lend lease to the USSR after the defeat of Germany the termination of lend lease to the USSR after **Cold War** James R. Arnold,Roberta Wiener,2012-01-16

The impact of the Cold War is still being felt around the world today This insightful single volume reference captures the events and personalities of the era while also inspiring critical thinking about this still controversial period Cold War The Essential Reference Guide is intended to introduce students to the tensions between the Soviet Union and the United States that dominated international affairs in the second half of the 20th century A comprehensive overview essay plus separate essays on the causes and consequences of the conflict will provide readers with the necessary context to understand the many facets of this complex era The guide s expert contributors cover all of the influential people and pivotal events of the period encompassing the United States the Soviet Union Europe Southeast Asia China the Middle East Latin America and Africa from political military and cultural perspectives Reference entries offer valuable insight into the leaders and conflicts that defined the Cold War while other essays promote critical thinking about controversial and significant Cold War topics including whether Ronald Reagan was responsible for ending the Cold War the impact of Sputnik on the Cold War and the significance of the Prague Spring

**The Routledge Handbook of the Cold War** Artemy M. Kalinovsky, Craig Daigle, 2014-06-05 This new Handbook offers a wide ranging overview of current scholarship on the Cold War with essays from many leading scholars The field of Cold War history has consistently been one of the most vibrant in the field of international studies Recent scholarship has added to our understanding of familiar Cold War events such as the Korean War the Cuban Missile Crisis and superpower détente and shed new light on the importance of ideology race modernization and transnational movements The Routledge Handbook of the Cold War draws on the wealth of new Cold War scholarship bringing together essays on a diverse range of topics such as geopolitics military power and technology and strategy The chapters also address the importance of non state actors such as scientists human rights activists and the Catholic Church and examine the importance of development foreign aid and overseas assistance The volume is organised into nine parts Part I The Early Cold War Part II Cracks in the Bloc Part III Decolonization Imperialism and its Consequences Part IV The Cold War in the Third World Part V The Era of Détente Part VI Human Rights and Non State Actors Part VII Nuclear Weapons Technology and Intelligence Part VIII Psychological Warfare Propaganda and Cold War Culture Part IX The End of the Cold War This new Handbook will be of great interest to all students of Cold War history international history foreign policy security studies and IR in general Problems of Communism ,1979 The Presidency of Harry S. Truman Donald R. McCoy,1984 In this volume in the American Presidency Series McCoy recounts and evaluates the record of the Truman Administration and identifies its distinctiveness and relations to the past its own time and the future Focusing on the problems that faced the United States between 1945 1953 he explains how Truman's vigor in championing civil rights health labor education and natural resource policies brought him immense unpopularity and how despite this Truman triumphed in 1948 winning bipartisan support for his foreign and military policies The author depicts Truman as an honest hard working capable and complex man and describes his relationships with his staff Congress foreign representatives the judiciary political parties the press the public and influential private citizens ISBN 0 7006 0252 6 25 00 **Historical Dictionary of the Cold War** Joseph Smith, Simon Davis, 2000-03-29 Joseph Smith and Simon Davis have captured the essence and madness of the balance of terror of the Cold War in the Historical Dictionary of the Cold War Covering an extensive period and much of the globe this dictionary presents a year by year chronology and alphabetical entries on civilian and military leaders crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies While both authors are specialists in American foreign policy and diplomacy Smith has a particular interest in United States relations with Latin America and Davis in Anglo American relations This broader focus is helpful since it enables the authors to have a broader view of the Cold War and having studied and lived in Great Britain they view events from a more neutral perspective This and a conscious effort to maintain a scholarly balance enhances the objectivity of this volume Smith and Davis have produced an easy to use reference tool for both the history scholar and student *United States Foreign Oil Policy Since World War I* Stephen J. Randall, 2005 First ed 1985

publ under title United States foreign oil policy 1919 1948      America and the Cold War, 1941-1991 Norman A. Graebner, Richard Dean Burns, Joseph M. Siracusa, 2010-05-05 Three distinguished diplomatic historians offer an assessment of the Cold War in the realist tradition that focuses on balancing the objectives of foreign policy with the means of accomplishing them America and the Cold War 1941 1991 A Realist Interpretation is a sweeping historical account that focuses on the policy differences at the center of this conflict In its pages three preeminent authors offer an examination of contemporary criticism of the Cold War documenting the views of observers who appreciated that many policies of the period were not only dangerous but could not resolve the problems they contemplated The study offers a comprehensive chronicle of U S Soviet relations broadly conceived from World War II to the collapse of the Soviet Union It places the origins of the Cold War as related to the contentious issues of World War II and stresses the failure of Washington to understand or seriously seek settlement of those issues It points out how nuclear weaponry gradually assumed political stature and came to dominate high level Soviet American diplomatic activity at the same time discounting the notion that the Cold War was a global ideological confrontation for the future of civilization A concluding chapter draws lessons from the Cold War decades showing how they apply to dealing with nation states and terrorist groups today
