Soviet Image Of The United States:

The Soviet Image of the United States Frederick Charles Barghoorn, 1950 From before WWII to the Cold War **The Soviet Image** Peter Radetsky, 2007-10-18 For the first time the Russian news agency TASS has opened its complete photographic archives to create an unprecedented and uncensored look at the last 100 years of life in the Soviet Union and the new Russia Featuring more than 300 astonishing photographs many never before published these images capture the daily life of a people through the dramatic sweep of Russian history from royalty to revolution and the rise and fall of communism Illuminated by informative essays and extended captions that provide context on the times and the photographs this is the definitive visual record of Russian history as seen through Russian eyes *Perceived Images* Daniel Frei, 1986 Current thinking on arms control and disarmament has been dominated by the analysis of such objective factors as the number of weapons their characteristics technological developments and nuclear weapons deployment policies Yet arms control negotiations have had little success so far In this volume Daniel Frei asserts that while such objective analysis is indeed indispensable it needs to be supplemented by a careful document based description of Soviet and U S perceptions of one another and of the kind of assumptions that have thus far compelled their leaders to seek security in growing numbers of sophisticated weapons at ever increasing cost *The Soviet Image of the U.S.* Melville J. Ruggles, 1953 The Russian view of the U S is pointed out Some factors affecting national images generally and their particular force upon Russians when they turn to look at America are discussed United States National Security Army Library (U.S.), 1956 **Enemy Number One** Rósa Magnúsdóttir, 2018-11-01 From Stalin's anti American campaign to Khrushchev's peaceful coexistence policy this book addresses the Soviet propaganda and ideology directed towards the United States during the early Cold War United States-Soviet Relations, 1988 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1988 **Overseas Information Programs of the United States** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee Under Senate Resolution 74 on Overseas Information Programs of the United States, 1953 **Problems of Communism**, 1980 United States Army in World War II., 1959 **The Soviet View of U.S. Strategic Doctrine** Jonathan Samuel Lockwood, 1983-01-01 Soviet perceptions of American strategic doctrine have influenced then use of military power in foreign policy An understanding of how those perceptions are being derived at and of their specific contents is therefore essential to any reflection on direction that American defense policy should take Particularly in the field of arms control and disarmament Soviet perceptions carry severe implications for U S proposals as well as general behavior Lockwood bases his examination on Soviet sources such as newspapers periodicals radio broadcasts and books He establishes that Soviet analysts tend to project their own notions of clear strategy onto U S doctrine and intentions Starting from the premise that the Soviets mean what they say Lockwood is able to give a historical account of Soviet perceptions starting from massive retaliation up to and including Presidential Directive 59 In his final chapter the

author gives possible policy strategies to successfully counteract the Soviet military policy **Reports** United States Information Agency. Office of Research,1976 Beautiful Imperialist David Shambaugh,2021-03-09 From President Nixon's historic visit to China in 1972 to the aftermath of the Tiananmen tragedy this book examines the changing perceptions of the United States articulated by China's America Watchers whose occupation is to interpret the beautiful imperialist for China's elite and public While other studies have looked at the behavioral history of U S China relations this is the first to probe the perceptual dimension Hating America Barry Rubin,Judith Colp Rubin,2004-08-26 With this powerful work the Rubins trace the paradox that is America a country that is both the most reviled and most envied land on earth In the end they demonstrate anti Americanism has often been a visceral response to the very idea as well as both the ideals and policies of America itself its aggressive innovation its self confidence and the challenge it poses to alternative ideologies **Overseas Information Programs of the United States** United States. Congress. Senate. Committee on Foreign Relations,1953

Soviet Foreign Propaganda Frederich Barghoorn,2015-12-08 Individual sections of this significant work have been edited and annotated by such outstanding scholars as Robert J Alexander Frederick C Barghoorn George F Kennan and others Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Bulletin of the Atomic Scientists ,1963-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

Lesch,2018-09-03 This volume addresses the changes in the Middle East and in the United States as well that has significantly affected the US Middle Eastern dynamic It provides an objective cross cultural assessment of U S foreign policy in the Middle East **The Soviet Union** United States.
