Soviet Passenger Ships 1917-1977:

The Development of the Soviet Armed Forces, 1917-1977 Kenneth R. Whiting, 1978 **Stalin's Slave Ships** Martin J. Bollinger, 2003-09-30 Between 1932 and 1953 a fleet of ordinary cargo ships was pressed into extraordinary service The fleet's task was to relocate approximately one million forced laborers to the Soviet Gulag in Kolyma located along the Arctic Circle in far northeastern Siberia The Kolyma Gulag the most infamous in the Soviet Union was accessible only by sea and the fleet became the lifeblood of the entire operation As one of the largest seaborne movements of people in history this transport took a devastating toll on human lives Bollinger presents the often horrific stories of the Gulag fleet and its passengers and reveals the unwitting role of the United States government in the operation U S shipyards built most of the Gulag fleet and the U S government sold many of the ships used in the transport directly to an agent of the Soviet Union The United States also overhauled and repaired many ships in the Gulag fleet free of charge at the midpoint of their Gulag careers In some cases free ships provided to the Soviet Union under the Lend Lease military assistance program were diverted into Gulag transport duties How much did Washington know about the deadly duty of these ships How many prisoners made the voyage How many never made it out alive Bollinger details this tragic tale using firsthand testimony from those involved in the operation and materials from both American and Russian archives In Titanic's Shadow David L. Williams, 2012-10-01

While the near 1 500 victims of Titanic accounted for a huge loss of life each of the ships here had a greater number of casualties in some cases more than five times as many In total these 27 merchant ship sinkings resulted in a staggering loss of life at sea more than 96 000 in total 3 840 per ship While the circumstances were different to Titanic the outcome in each case was no less tragic Yet despite the fact that Titanic ranks behind so many other losses so powerful has her name become that it was the inevitable choice to describe some of these other events Germany's Titanic and The Titanic of Japan being two examples Ships include the Lancastria Britain's worst maritime disaster with 3 000 lost the Ryusei Maru a Japanese Hellship loaded with 6 000 Allied POWs torpedoed by a US submarine and the Wilhelm Gustloff a German liner packed with 7 800 civilians sunk by a Russian submarine There were no survivors and this tragedy was the worst maritime disaster of all time
