Taylor, 2009-06-01 Chiang Ching kuo son and political heir of Generalissimo Chiang Kai shek was born in 1910 when Chinese women nearly all illiterate hobbled about on bound feet and men wore pigtailed as symbols of subservience to the Manchu Dynasty In his youth Ching kuo was a Communist and a Trotskyite and he lived twelve years in Russia He died in 1988 as the leader of Taiwan a Chinese society with a flourishing consumer economy and a budding but already wild woolly and open democracy He was an actor in many of the events of the last century that shaped the history of China s struggles and achievements in the modern era the surge of nationalism among Chinese youth the grand appeal of Marxism Leninism the terrible battle against fascist Japan and the long destructive civil war between the Nationalists and the Communists In 1949 he fled to Taiwan with his father and two million Nationalists He led the brutal suppression of dissent on the island and was a major player in the cold sometimes hot war between Communist China and America By reacting to changing economic social and political dynamics on Taiwan Sino American rapprochement Deng Xiaoping s sweeping reforms on the mainland and other international events he led Taiwan on a zigzag but ultimately successful transition from dictatorship to democracy Jay Taylor underscores the interaction of political developments on the mainland and in Taiwan and concludes that if China ever makes a similar transition it will owe much to the Taiwan example and the Generalissimo s son **Stalin** Stephen

Kotkin, 2017-10-31 Monumental The New York Times Book Review Pulitzer Prize finalist Stephen Kotkin has written the definitive biography of Joseph Stalin from collectivization and the Great Terror to the conflict with Hitler s Germany that is the signal event of modern world history In 1929 Joseph Stalin having already achieved dictatorial power over the vast Soviet Empire formally ordered the systematic conversion of the world s largest peasant economy into socialist modernity otherwise known as collectivization regardless of the cost What it cost and what Stalin ruthlessly enacted transformed the country and its ruler in profound and enduring ways Building and running a dictatorship with life and death power over hundreds of millions made Stalin into the uncanny figure he became Stephen Kotkin s Stalin Waiting for Hitler 1929 1941 is the story of how a political system forged an unparalleled personality and vice versa The wholesale collectivization of some 120 million peasants necessitated levels of coercion that were extreme even for Russia and the resulting mass starvation elicited criticism inside the party even from those Communists committed to the eradication of capitalism But Stalin did not flinch By 1934 when the Soviet Union had stabilized and socialism had been implanted in the countryside praise for his stunning anti capitalist success came from all quarters Stalin however never forgave and never forgot with shocking consequences as he strove to consolidate the state with a brand new elite of young strivers like himself Stalin s obsessions drove him to execute nearly a million people including the military leadership diplomatic and intelligence officials and innumerable leading lights in culture While Stalin revived a great power building a formidable industrialized military the Soviet Union was effectively alone and surrounded by perceived enemies The quest for security would bring Soviet Communism to a shocking and improbable pact with Nazi Germany But that bargain would not unfold as envisioned The lives of Stalin and Hitler and the

fates of their respective dictatorships drew ever closer to collision as the world hung in the balance Stalin Waiting for Hitler 1929 1941 is a history of the world during the build up to its most fateful hour from the vantage point of Stalin's seat of power It is a landmark achievement in the annals of historical scholarship and in the art of biography **Air University Library Index to Military Periodicals**, 1958 **Background Information on the People's Republic of China** Kenneth R. Whiting, Paul H. B. Godwin, 1976 **China at War 1901-1949** Edward L. Dreyer, 2014-05-12 Few phases of history were as heavy with implications for the world at large than the turbulent years through which China moved from the overthrow of the last imperial dynasty in 1911 through anarchy civil war and invasion to the final triumph of the Communists in 1949 yet few periods are as little known by the wider world and so little understood Professor Dreyer's impressive account of China at war is both an important contribution to this new series of studies of modern wars in their full political social and ideological contexts and also a valuable introduction to the birth confused bloody and painful as it was of the future superpower **A History of the Chinese Communist Party** Stephen Uhalley, 1988 *China's Unequal Treaties* Dong Wang, 2005-10-01 This study based on primary sources deals with the linguistic development and polemical uses of the expression Unequal Treaties which refers to the treaties China signed between 1842 and 1946 Although this expression has occupied a central position in both Chinese collective memory and Chinese and English historiographies this is the first book to offer an in depth examination of China's encounters with the outside world as manifested in the rhetoric surrounding the Unequal Treaties Author Dong Wang argues that competing forces within China have narrated and renarrated the history of the treaties in an effort to consolidate national unity international independence and political legitimacy and authority In the twentieth century she shows China's experience with these treaties helped to determine their use of international law Of great relevance for students of contemporary China and Chinese history as well as Chinese international law and politics this book illuminates how various Chinese political actors have defined and redefined the past using the framework of the Unequal Treaties

Tanner, 2013-03-18 A well organized and excellently researched work H War on one of the crucial battles of China s civil war In the spring of 1946 Communists and Nationalist Chinese were battled for control of Manchuria and supremacy in the civil war The Nationalist attack on Siping ended with a Communist withdrawal but further pursuit was halted by a ceasefire brokered by the American general George Marshall Within three years Mao Zedong s troops had captured Manchuria and would soon drive Chiang Kai shek s forces off the mainland Did Marshall as Chiang later claimed save the Communists and determine China s fate Putting the battle into the context of the military and political struggles fought Harold M Tanner casts light on all sides of this historic confrontation and shows how the outcome has been and continues to be interpreted to suit the needs of competing visions of China s past and future A genuine addition to our knowledge about this battle and the Chinese civil war in general Mark Wilkinson Virginia Military Institute      *A Summing-up at Seventh Kai-shek Chiang*, 1957

**The Nationalist Era in China, 1927-1949** Lloyd E. Eastman, 1991-08-30 In recent years historians of China have focused increased attention on the critical decades of National rule on the mainland This recent scholarship has substantially modified our understanding of the political events of this momentous period shedding light on the character of Nationalist rule and on the sources of the Communist victory in 1949 Yet no existing textbook on modern China presents the events of the period according to these new findings The five essays in this volume were written by leading authorities on the period and they synthesize the new research Drawn from Volume 13 of *The Cambridge History of China* they represent the most complete and stimulating political history of the period available in the literature The essays selected deal with Nationalist rule during the Nanking decade the Communist movement from 1927 to 1937 Nationalist rule during the Sino Japanese War the Communist movement during the Sino Japanese war and the Kuomintang Communist struggle from 1945 to 1949

**China-Taiwan Relations in a Global Context** C. X. George Wei, 2012 This book traces the development of Taiwan s relations with its diplomatic partners and its policy towards the political opponents of its political opponent mainland China Paying particular attention to the powers that could exercise great influence in the future of East Asia *China Taiwan Relations in a Global Context* examines the main diplomatic strategies of Taiwan and its counterparts and the major problems for Taiwanese foreign relations To date there is very little scholarship which examines the Taiwan Issue outside of the triangular Beijing Washington Taipei framework this book does exactly that The contributors examine the development of Taiwan s relationship with less prominent countries and governments and attempt to ascertain how such examinations could give rise to new variables that help explain the strategy and purpose of Taiwan s foreign policy as well as the reaction and response of mainland China This book provides readers with vital information about Taiwan s foreign policymaking and

introduces rarely told stories about Taiwan's foreign relations. The research demonstrates the ceaseless and unyielding diplomatic efforts of the Taiwanese for survival in a shrunken international space and renders for readers a better understanding of the complexity of Taiwan's relations with the rest of the world. This book is essential reading for anyone interested in Taiwan studies, Chinese politics, Cross Strait relations and Asian foreign policy.
