Rise of the Spectacular John Hannigan, 2021-08-29 In this prequel to *Fantasy City Pleasure and Profit in the Postmodern Metropolis* 1998 his acclaimed book about the post industrial city as a site of theming branding and simulated spaces sociologist John Hannigan travels back in time to the 1950s Unfairly stereotyped as the tranquillized decade America at mid century hosted an escalating proliferation and conjunction of spectacular events spaces and

technologies Spectacularization was collectively defined by five features It reflected and legitimated a dramatic increase in scale from the local regional to the national It was mediated by the increasingly popular medium of television It exploited middle class tension between comfortable conformity and desire for safe adventure It celebrated technological progress boosterism and military power It was orchestrated and marketed by a constellation sometimes a coalition of entrepreneurs and dream merchants most prominently Walt Disney In this wide ranging odyssey across mid century America Hannigan visits leisure parks Cypress Gardens parades Tournament of Roses mega events Squaw Valley Olympics Century 21 Exposition architectural styles desert modernism innovations underwater photography circular film projection and everyday wonders chemistry sets Collectively these fashioned the spectacular gaze a prism through which Americans in the 1950s were acculturated to and conscripted into a vision of a progressive technology based future Rise of the Spectacular will appeal to architects landscape designers geographers sociologists historians and leisure tourism researchers as well as non academic readers who are by a fascinating era in history
