Antonio Triana and the Spanish Dance Rita Vega de Triana, 2016-02-04 This book also traces the evolution of the Spanish Dance technique, marked as it is by a turbulent history. Antonio Triana was a dancer of mature artistry, dignity, and power. His physical and technical achievements went beyond what is generally known about Spanish Dance. His dance presented the essence of the Spanish character, and in his choreography, he used his traditional background for his brilliant inspirations. He partnered the legendary La Argentinita, Pilar Lopez, and Carmen Amaya with spirit and gallantry. Over the years, he developed a very distinct method of teaching, and he became one of the foremost Spanish Flamenco dancers and teachers of his time. Rita Vega de Triana formed the Triana Ballet Español with her late husband. She currently teaches Hispanic dance and related subjects at
