Spanish in Health Care fills an important gap by offering a panoramic overview of the research on Spanish in health settings that is emerging from a variety of disciplines. Synthesizing research from diverse disciplines such as sociolinguistics, discourse analysis, health services research, behavioral health research, health policy and administration and social epidemiology, the volume offers a uniquely unified approach to the subject of Spanish in healthcare. This volume will be of interest to researchers in Spanish linguistics, sociolinguistics, health communication and languages for specific purposes.
