Persecution is not an original feature in any religion but it is always the strongly marked feature of all law religions or
religions established by law Thomas Paine Rights of Man In many modern societies laws have been put in place to protect
citizens from discrimination based on their gender beliefs race and sexuality The sheer thought of having these rights
impeded upon in any way is something people in the West often consider unthinkable In this day and age people will fight
tooth and nail to right cases of discrimination and injustice from seeking legal action to filing criminal charges against the
discriminating party Multiple organizations around the world exist to help combat and protect its citizens from prejudicial
inequities Social media has also become a channel for those around the world to voice these injustices Those around the
world who empathize with the discriminated band together and condemn the accused bigots Resulting boycotts petitions and
negative backlash from social media and the Internet have been known to play a significant role in contributing to the
downfall of individuals and corporations that have been accused of discrimination of any kind The road to the modern age of
cultural harmony and acceptance is one of the finest feats of human progress but having said that there was once a time
when the mere doubt of a religious figure s existence was not only punishable by law it could very well cost a man his life
This was the crime of heresy This kind of religious persecution has been around for thousands of years and Christians were
often the victims but when the Catholic Church began its rapid expansion throughout Europe during the Middle Ages the
tables were turned In 1184 Pope Lucius III issued a papal bull that would kick off a long standing tradition of heretic hunting
and as a result the Age of the Inquisitions commenced In a twist of events the persecuted became the persecutors From then
on the Roman Catholic Church took it upon itself to hold tribunals or judicial courts in a quest to exterminate heresy once
and for all These inquisitions which would plague Europe for centuries is believed to have seen hundreds of thousands
persecuted for beliefs that went against the Church A startling portion of them would be brutally tortured and sent to their
deaths None of these would hold a candle to the one birthed in the 15th century the Spanish Inquisition The notorious
inquisition the subject of multiple documentaries movies and other pop culture mediums is an era darkly remembered for its
oppression barbarous torture and religious tyranny Serving as a backdrop for it all was a deadly disease a man likened to
Satan and the tumultuous rise and fall of one of the most dreadful periods in European history The Spanish Inquisition The
History and Legacy of the Catholic Church s Notorious Persecution of Heretics looks at how the Inquisition came to be and
how people were tortured and executed Along with pictures depicting important people places and events you will learn
about the Inquisition like never before *A History of the Inquisition of Spain* Henry Charles Lea,1907 **The Spanish
Inquisition** Joseph Francis Perez,2006 *Letters on the Spanish Inquisition* Joseph Marie comte de Maistre,1850 **The
Origins of the Inquisition in Fifteenth Century Spain** Benzion Netanyahu,2001 The Spanish Inquisition remains a fearful

symbol of state terror Its principal target was the conversos descendants of Spanish Jews who had been forced to convert to Christianity some three generations earlier Since thousands of them confessed to charges of practicing Judaism in secret historians have long understood the Inquisition as an attempt to suppress the Jews of Spain In this magisterial reexamination of the origins of the Inquisition Netanyahu argues for a different view that the conversos were in fact almost all genuine Christians who were persecuted for political ends The Inquisition s attacks not only on the conversos religious beliefs but also on their impure blood gave birth to an anti-Semitism based on race that would have terrible consequences for centuries to come This book has become essential reading and an indispensable reference book for both the interested layman and the scholar of history and religion
