Why Learn VOCABULARY?

WHAT IS VOCABULARY?

Vocabulary is the set of **words** that make up a **language**. Learning vocabulary is the first step toward communicating in the language. This guide provides a series of **everyday Spanish words, phrases, and expressions** that will be useful both in and out of the classroom.

NOTE: Spanish has two forms of address: **familiar** (fam.) and **formal** (form.). The familiar form is used when speaking to a friend, a relative, or someone younger than you. The formal **Ud.** form is used at all other times. (Also note that **Ud.** is an abbreviation for **usted** and that the word **tú** is not always expressed because the verb ending indicates the subject.) In some places in the Spanish-speaking world, **tú** is used almost exclusively, whereas in other places, **Ud.** is used with almost everyone.

COGNATES

As you study vocabulary, be on the lookout for **cognates**. These are words from different languages that are spelled the same (or similar) and have the same (or similar) meanings. For example, **museo/múseo**. Spanish has cognates with several languages, including English, French, and Italian. If you know one of these languages, cognates can help you learn Spanish vocabulary. Cognates may have:

- The same spelling (but different pronunciation)

escape [es-KAH-pay]	escape [es-KAYP]

- Different endings. For example:
