## Spar Poems:

**Spar** Karen Volkman,2002-02-05 Karen Volkman s award winning collection Spar has as its central form a highly compressed musical variant of the prose poem Volkman develops a new lyric density that marries the immediacy of image centered poetry to the rhythmic resources of prose Her first poem begins Someone was searching for a Form of Fire and this wild urge to seek form and thus definition in the most uncontainable of elements propels the book forward each poem maps the mind s evolving positions in response to its variable and perilous encounters Sometimes the encounter is romantic or purely carnal a sensual landscape of human relations At other times nature itself has an almost humanly emotional connection to the speaker American Poets in the 21st Century Claudia Rankine,Lisa Sewell,2007-07-09 The ideal introduction to the current generation of American poets **The Poems of Robert Browning** Robert Browning,1896

S. Eliot Volume II T. S. Eliot,2015-11-17 The Poems of T S Eliot is the authoritative edition of one of our greatest poets scrupulously edited by Christopher Ricks and Jim McCue It provides for the first time a fully scrutinized text of Eliot s poems carefully restoring accidental omissions and removing textual errors that have crept in over the full century in which Eliot has been so frequently printed and reprinted The edition also presents many poems from Eliot s youth which were published only decades later as well as others that saw only private circulation in his lifetime of which dozens are collected for the first time To accompany Eliot s poems Christopher Ricks and Jim McCue have provided a commentary that illuminates the creative activity that came to constitute each poem calling upon drafts correspondence and

other original materials to provide a vivid account of the poet's working processes his reading his influences and his revisions The first volume respects Eliot's decisions by opening with his Collected Poems 1909-1962 in the form in which he issued it shortly before his death fifty years ago There follow in this first volume the uncollected poems from his youth that he had chosen to publish along with such other poems as could be considered suitable for publication The second volume opens with the two books of poems of other kinds that he issued Old Possum's Book of Practical Cats and his translation of Perseus's Anabasis moving then to verses privately circulated as informal or improper or clubmanlike Each of these sections is accompanied by its respective commentary and then pertaining to the entire edition there is a comprehensive textual history recording variants both manuscript and published The Poems of T. S. Eliot is a work of enlightening scholarship that will delight and inform all those who read Eliot for pleasure as well as all those who read with pleasure and for study Here are a new accuracy and an unparalleled insight into the marvels and landmarks from The Love Song of J. Alfred Prufrock and The Waste Land through to Four Quartets

Eliot contains the poems of Eliot's youth which were rediscovered only decades later poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie Calling upon Eliot's critical writings as well as his drafts letters and other original materials Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem This first volume respects Eliot's decisions by opening with his Collected Poems 1909-1962 as he arranged and issued it shortly before his death This is followed by poems uncollected but either written for or suitable for publication and by a new reading text of the drafts of The Waste Land The second volume opens with the two books of verse of other kinds that Eliot issued Old Possum's Book of Practical Cats and Anabasis his translation of St. John Perse's Anabase Each of these sections is accompanied by its own commentary Finally pertaining to the entire edition there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse
