Spare Parts A Marine Reservists Journey From Campus To Combat In 38 Days:

Spare Parts: From Campus to Combat Buzz Williams, 2004-03-08 A compelling look into the world of reservists more than just the spare parts of our nation's military as seen through one man's transformation from weekend warrior to combat marine In 1989 Buzz Williams walked into a marine recruiting office to follow in the footsteps of the deceased older brother he grew up idolizing by signing up to join the Marine Reserves Over the course of the next year he would earn money to pay his college tuition by devoting one weekend a month and two full weeks in the summer to the grueling and often dangerous rigors of military training while enduring the jarring readjustment that occurred each time he returned to civilian life But Williams had no idea that even the newest reservists could find themselves on the frontlines of a battlefield in a matter of weeks On August 2 1990 the day that he graduated from Light Armored Vehicle School Saddam Hussein's forces invaded Kuwait and Williams' life would change forever *Spare Parts* tells the story of Williams' harrowing deployment to the Persian Gulf where he would be thrust into battle only 38 days after being called up Enduring both the condescension of full-time Marines and the danger of his limited training he managed to form a core group that struggles to gain respect from a military machine that viewed them as mere spare parts In gripping detail Williams brings to life the physical and emotional trials he would face on the killing fields of Kuwait where some of the woefully underprepared Marines are able to rise to the challenge and others are broken by the horrors of battle A powerful portrait of one man's experience in battle and of the reservists who stand ready to leave civilian life to defend our nation at a moment's notice *Spare Parts* adds a moving new perspective to the literature of war

Continental Marine, 2004

The Persian Gulf War Alexander Cruden, 2011-05-04 This volume introduces and provides a brief overview of major factors that contributed to the Persian Gulf War in the Middle East Then it offers an in-depth multinational perspective on the controversies surrounding the war the current implications and long-lasting effects Essays are compiled from a variety of sources and are carefully edited and introduced to provide context for readers unfamiliar with this war The last chapter presents readers with compelling first-person narratives of people who lived through the Persian Gulf War and those who were directly impacted by it

Frontline Anthony King, 2015 The volume examines the experiences of professional Western combat soldiers training and operations in Iraq and seeks to explain the culture motivations and capabilities of the professional soldier in the twenty-first century

Homeward Bound Richard H. Taylor, 2007-02-28 The story of veterans coming home from wars has not been concisely recorded to highlight the major problems they've faced Having gone to war and survived they have expectations hopes and dreams of a better life In *Homeward Bound* Taylor chronicles their struggles to realize all of those expectations by tracing the experiences of American veterans from the Revolutionary War through the current conflicts in Iraq and Afghanistan In doing so he connects pieces of a longer larger story that has traditionally been told only in individual parts *Homeward Bound* delves into personal memoirs dusty diaries and teary interviews to link veterans' hopes for the future

with the ways in which their dreams were fulfilled or died. It shows how war changed these men and women how they lived with their experiences despite the odds and how alone they can be. Accompanying photographs relate still other stories those written on our veterans' gallant faces. *Books and Beyond* Kenneth Womack, 2008-10-30 There is a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction LGBTQ literature graphic novels manga and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading. Sidebars provide fascinating details and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction LGBTQ literature and other topics. Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's critical reception a discussion of authors and works and suggestions for further reading. Sidebars provide fascinating details and the set closes with a selected general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues. Lincoln's Unfinished Work Orville Vernon Burton, Peter Eisenstadt, 2022-05-18 In his Gettysburg Address Abraham Lincoln promised that the nation's sacrifices during the Civil War would lead to a new birth of freedom. Lincoln's Unfinished Work analyzes how the United States has attempted to realize or subvert that promise over the past century and a half. The volume is not solely about Lincoln or the immediate unfinished work of Reconstruction or the broader unfinished work of America coming to terms with its tangled history of race; it investigates all three topics. The book opens with an essay by Richard Carwardine who explores Lincoln's distinctive sense of humor. Later in the volume Stephen Kantrowitz examines the limitations of Lincoln's Native American policy while James W. Loewen discusses how textbooks regularly downplay the sixteenth president's antislavery convictions. Lawrence T. McDonnell looks at the role of poor Blacks and whites in the disintegration of the Confederacy. Eric Foner provides an overview of the Constitution-shattering impact of the Civil War amendments. Essays by J. William Harris and Jerald Podair examine the fate of Lincoln's ideas about land.

distribution to freedpeople Gregory P Downs focuses on the structural limitations that Republicans faced in their efforts to control racist violence during Reconstruction Adrienne Petty and Mark Schultz argue that Black land ownership in the post Reconstruction South persisted at surprisingly high rates Rhondda Robinson Thomas examines the role of convict labor in the construction of Clemson University the site of the conference from which this book evolved Other essays look at events in the twentieth and twenty first centuries Randall J Stephens analyzes the political conservatism of white evangelical Christianity Peter Eisenstadt uses the career of Jackie Robinson to explore the meanings of integration Joshua Casmir Catalano and Briana Pocratsky examine the debased state of public history on the airwaves particularly as purveyed by the History Channel Gavin Wright rounds out the volume with a striking political and economic analysis of the collapse of the Democratic Party in the South Taken together the essays in this volume offer a far reaching thought provoking exploration of the unfinished work of democracy particularly as it pertains to the legacy of slavery and white supremacy in America

Life Stories Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2 800 read alike and other related titles The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them In the past readers advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy This guide offers an alternative organizing the literature according to popular genres subgenres and themes that reflect common reading interests Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads Life Stories A Guide to Reading Interests in Memoirs Autobiographies and Diaries presents a unique overview of the genre that specifically addresses the needs of readers advisors and others who work with readers in finding books

Americans at War James R. Arnold, 2018-05-18 This unprecedented compilation of eyewitness accounts records the thoughts and emotions of American soldiers spanning nearly 250 years of national history from the American Revolution to the Afghanistan War Understanding primary sources is essential to understanding warfare This outstanding collection provides a diverse set of eyewitness accounts of Americans in combat throughout U S history Offering riveting true stories it includes accounts from participants in the American Revolution the War of 1812 the Indian Wars the Mexican American War the Civil War the Spanish American War and Philippine Insurrection World War I World War II the Korean War the Vietnam War The Persian Gulf War the Afghanistan War and the Iraq War Most eyewitness accounts of war currently available to the public are those of writers who enjoy higher military rank Americans at War addresses this imbalance between officers accounts and enlisted men s accounts by invoking oral history archives Contextual essays and timelines allow the reader to place the accounts in time and place while the entries themselves allow the reader to experience the thoughts and emotions of Americans who engaged in combat

Rethinking Contemporary Warfare Eyal Ben-Ari, Zeev Lerer, Uzi Ben-Shalom, Ariel Vainer, 2010-05-17 The combat experience of Israel's ground forces in the second Palestinian uprising the Al Aqsa Intifada 2000-2006 is given full critical attention in this engaging study. Based on extensive interviews and observations, *Rethinking Contemporary Warfare* explores the ongoing debate about how the armed forces of industrial democracies wage contemporary military operations. Irregular warfare presents challenges as routine activities can suddenly turn into violent action, forcing military forces to quickly adapt under the changing circumstances of the conflict. Such new wars are a messy reality consisting of high and low intensity conflict, the involvement of media and human rights movements, and the martial administration of civilian populations. Exploring the broad social and organizational features of these militaries, this volume sets forth new analytical tools to understand the peculiarities of irregular warfare in the post-Cold War era. These critical concepts include loose coupling between units, organizations that mediate between ground forces and civilian environments, and the militarization of civilian environments in urban warfare.

Coins & Currency of the Middle East Tom Michael, George S. Cuhaj, 2005-12-27 World news and events of the last 25 years are helping create a popular new market in collecting. This one-of-a-kind guide supplies valuable answers to questions about currency from the Middle East in an easy-to-follow format. *Coins & Currency of the Middle East* includes brief histories of various military operations, background about the 20 affected countries and people, and more than 300 color illustrations of coins and paper money. Listings include contemporary and collectible coins, paper money, Safe Pass certificate, propaganda pieces, and POGS. Each entry is arranged by country, complete with photos and caption, and value for easy and accurate identification. Whether soldier, collector, dealer, historian, or a family member looking for details about new heirlooms, this is the absolute authority on Middle Eastern currency.

Contemporary Military Reserves Eyal Ben-Ari, Vincent Connelly, 2022-12-30 This book offers a comparative study of military reserves in contemporary democracies. A combination of budgetary pressures, new missions, and emerging military roles during the past three decades has led the armed forces of democracies to rethink the training and use of reserve forces. Moreover, reservists have become central to the armed forces as part of moves towards total or comprehensive defense. Despite this, a scholarly bias towards studying regulars and conscripts means that reservists and reserve soldiers continue to receive only marginal attention. This volume fills that lacuna through a series of country studies examining how best to understand the peculiarities of reservist service. In contrast to regulars and conscripts, reservists are marked by their dual management of civilian and military careers, different family dynamics, diverse motivations, and commitment to the armed forces, the material and non-material incentives they are offered, and their place in the political sphere. This volume suggests two frames to make sense of such differences: first, it looks at reservists as transmigrants traveling between the military and civilian worlds, and second, it analyzes the multiple informal contracts and negotiations that bind them to the military. All the chapters adopt these conceptualizations, granting the volume a common focus and integrative frame. The volume will be of much interest to students of military and strategic studies, civil

military relations sociology and International Relations **The Journal of Military History** ,2005-04 God's Hiddenness in Combat Preston Jones,Cody Beckman,2009-02-18 The primary question at the heart of this book is Where is God for the person in combat According to one well known saying there are no atheists in foxholes Yet it is difficult for believers in a personal and caring God to locate God s place in the world of war Another common saying that war is hell seems more accurate if one accepts the basic definition of hell as God s absence The complication here is that some combatants do sense God s presence This study draws from numerous interviews memoirs letters and archival materials and reflecting on the crucifixion of Christ to consider how God can be both present in and absent from the world of war **Soldier of Fortune** ,2004 *American Book Publishing Record* ,2003 **Program of the ... Annual Meeting** Organization of American Historians. Meeting,2003 *Educational Rankings Annual 2006* Westney,Lynn C.
