Sparkle Thing:

Romance, the Loveliest Thing Dorothy Black, 1925 Daily Sparkles Emma Jasper, 2025-03-18 Transform your life in a big way by embracing the small moments of joy or glimmers you encounter every day In a world inundated with negativity appreciating glimmers stands out as a refreshing and innovative approach to wellness The concept revolves around the transformative power of recognizing and celebrating small positive moments the glimmers that often go unnoticed in the chaos of daily life By consistently acknowledging and savoring these moments you can gradually reshape your thought patterns in a way that improves your mental well being and overall health Use your mental energy to look for the good stuff that nourishes and heals you micro moments in your everyday life that give you an instant mood boost Allow Daily Sparkles to lead your way with 1 000 little things to be happy about like The morning sun coming through the window when you wake up The first spring flower of the season Snuggling with your pet Feeling the sand in your toes at the beach Watching the sunset outside in the fresh air Smelling freshly baked bread Finding the perfect parking spot Taking the first sip of a latte while sitting at a coffee shop And more Reveal the tiny sparkles of joy hidden all around you with this beautiful book as your guide *Embodiment, How Animals and Humans Make Sense of Things: The Dawn of Art, Ethics, Science, Politics, and Religion* Jesse James Thomas, 2018-02-27 This book is not about what we can teach animals but what they can teach us Their differences are often not as radical as most humans imagine which is one reason we love animals We have more neurons in our neurological systems but we share many of the same features and underestimate what they have learned about survival strategies over the eons We stop and think a lot more but in doing so can sometimes interfere with natural processes and the results are not always good Animals provide a good platform from which we should launch emotionally and even ethically if we pay attention to them This book is unlike carefully documented scholarly articles that Dr Thomas also writes It is written for a wide popular audience and is loaded with stories and humor It is meant to be easy to read for almost anyone

Hindbury's Run: An Illustrated Animal Story Madeleine Watson, Hindbury s Run was written in 1978 I would have been 13 I was living in a run down cottage with my parents and siblings at the time My childhood appeared innocent cosseted I kept a diary wrote stories and painted On the lead up I suffered terrible health niggles I have unsettled nights am forgetful have ulcer pains in my limbs and depression Hindbury s Run appears to be nothing untoward It is an animal story starring sheepdogs who fear a raid on their farm Little did I realise a sinister message runs beneath every paragraph A saboteur also lurks within the farm animal company This saboteur doesn t want me to write this story Why I wonder And why do cripples drowning disfigured faces and deaths in caves recur in my stories Three years previously I had been reading George Orwell s Animal Farm It echoes events leading up to the Russian Revolution of 1917 where brutal dictatorship results At the time a demon in my head made life hell I avoided my bed at night and kept the lights on I now realise Animal Farm had provided subconscious notions of an appalling past Hindbury s Run appears to have resulted only the theme for my farm

story vastly differs to Orwell's. My other book *Tales from Daler Cottage* uncovers the message within this story and my other children's stories. But the reason for my PTSD will be given at the end of this book. *Hindbury's Run* would remain in the dark until the summer of 2017. My story has undergone necessary edits preserving the story and the tone of the young writer that I was. With illustrations.

What Willow Knew June Colbert, 2012-08-01 Sarah Jane Lucky Carter is a big boned smart mouthed sixteen year old Willow Moonstone. Sarah's legal guardian for the past five years has vanished without a trace. The police believe she's been murdered. Willow always said They were after her because of What She Knew. Sarah and her friends thought it was all some paranoid fantasy left over from the 60s. Except that Willow's missing now. That's no fantasy. Sarah's estranged father comes to take her home to live with his new family but she has no interest whatsoever in playing Brady Bunch. All she wants is to get Willow back so they can go home. Then out of the blue a fierce stranger from Willow's past turns up on Sarah's doorstep bearing Willow's diary from her radical student days in the late 1960s. Sarah becomes convinced the diary holds the clues to Willow's disappearance so she immerses herself in her aunt's diary and her life. As the weeks pass with no news of Willow Sarah begins to panic. Time's running out and Willow's trail is growing cold. Is she the only one who can't accept the truth. Is Willow really dead. **WHAT WILLOW KNEW** by June Colbert is the suspenseful story of a teenage girl's search for her missing aunt but it's also the story of Willow's own journey from naive university student to radical activist and complete paranoid. Unless They were really after her of course.
