Westbrook,2011-02-14 Speaking of Gods analyzes the figurative narrative creation of gods their heavenly abodes and behaviors reaching back to the beginning of history in Sumer Babylon Egypt Persia and Greece and continuing through the figures and narratives of a biblical tradition that includes the Hebrew Bible the New Testament and the Qur an The Women's Study Bible Mary J. with children and young people encourage inspire and educate the younger generation and contribute to their sense of
identity The author s approach can be applied in different cultural settings and both outlines and affirms an active role for
older people in the community It also provides useful historical background on the migration of people coming from the
Caribbean to Britain Containing case studies it is a practical and reflective resource for religious professionals social workers

Displacing the Anxieties of Our World Ildikó Limpár,2017-01-06 Monster studies dystopian literature and film studies
have become central to research on the now proliferating works that give voice to culture specific anxieties This new
development in scholarship reinforces the notion that the genres of fantasy and science fiction call for interpretations that
see their spaces of imagination as reflections of reality not as spaces invented merely to escape the real world In this vein
Displacing the Anxieties of Our World discusses fictive spaces of literature film and video gaming The eleven essays that
follow the Introduction are grouped into four parts I Imagined Journeys through History Gaming and Travel II Political
Anxieties and Fear of Dominance III The Space of Fantastic Science and Scholarship and IV Spaces Natural and Spaces
Artificial The studies produce a dialogue among disciplinary fields that bridges the imagined space between sixteenth
century utopia and twenty first century dystopia with analyses penetrating fictitious spaces beyond utopian and dystopian
spheres This volume argues consequently that the space of imagination that conjures up versions of the world s frustrations
also offers a virtual battleground and the possibility of triumph coming from a valuable gain of cognizance once we perceive
the correspondence between spaces of the fantastic and those of the mundane
