The Christian Platonists Of Alexandria:

The Christian Platonists of Alexandria Charles Bigg, 2025-05-22 The Christian Platonists of Alexandria presents Charles Bigg's 1886 Bampton Lectures delivered at Oxford University. Bigg explores the intersection of Christian theology and Platonic philosophy in Alexandria, a vibrant center of intellectual exchange during the early centuries of the Common Era. The lectures examine the key figures and ideas that shaped this unique school of thought, analyzing their attempts to reconcile faith and reason. Bigg delves into the historical context of Christian Platonism, exploring its influence on the development of Christian doctrine and its enduring impact on Western thought. This volume offers valuable insights into the intellectual and religious landscape of early Christianity and its engagement with classical philosophy. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps, as most of these works have been housed in our most important libraries around the world, and other notations in the work. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity, individual, or corporate has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

Charles Bigg, 2013-06 Unlike some other reproductions of classic texts, 1. We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. 2. In books where there are images such as portraits, maps, sketches, etc., we have endeavored to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
