Poole,2008-02-01 Long before Moses wrote Genesis the world s first astronomers invented star signs to illustrate a prophecy a God man would come to repair the breach between us and the Creator Those starry figures were pirated however and used to advance a false religion which spread all over the world Faithful men from Noah to the magi of the Christ child stood against that error yet the true star signs all but vanished for millennia Adam s Astronomy lays out the original signs introduces the linguist who recovered them and explains how she did it The last chapter describes many deep sky objects whose traits revealed by modern telescopes illustrate the ancient message of the constellations in which they are found
