understood or its challenges faced without recognizing this legacy For now in our time productivity growth has stalled again stirring up the populist furies There s no better moment to apply the lessons of history to the most pressing question we face that of whether the United States will preserve its preeminence or see its leadership pass to other inevitably less democratic powers     *Early American Architecture* Hugh Morrison,1987-01-01 Comprehensive survey of domestic and public architecture ranges from primitive cabins to Greek Revival mansions of the early 1800s Nearly 500 illustrations Entertaining vigorous and clearly written The New York Times
