**Slavery and the French and Haitian Revolutionists** Anna Julia Cooper, 2006-03-23 On March 23 1925 at the age of 66 Anna Julia Cooper stood ready to defend her dissertation before a review committee at the University of Paris Cooper's remarkable intellectual achievement was the product of years of hard work and determination a highly unusual journey for a child born to an enslaved mother in 1858 Her dissertation *L'attitude de la France à l'égard de l'esclavage pendant la Révolution* offered a bold interpretation of the French Revolution In it Cooper examined the relations between the 18th century revolutionists in Paris and the representatives and inhabitants of the richest of French colonies San Domingue She argued that the legalized slave trade became a critical issue in the struggle over the rights of man during the French Revolution and that when the revolutionists of Paris deflected the question of slavery in San Domingue the people of France lost the opportunity to escalate their liberty and their equality Cooper insisted that to understand the French Revolution and its repercussions it is necessary to add the dimension of race As an African American woman her work provides readers with a unique and powerful perspective on these turbulent events during the French and Haitian Revolutions Historian Frances R Keller now makes this unique work available in English for students and scholars alike Through her interpretive essays Keller places Cooper's dissertation in the context of her life and scholarship Keller also provides an essential historical look at the international events that led up to the bloody revolutions in France and Haiti [Slavery and the French Revolutionists \(1788-1805\)](#) Anna Julia Cooper, 1988 This is a translation of a 1925 doctoral dissertation written for the University of Paris by a 67 year old black American expatriate woman who had been born a slave Her study of the French Revolutionists view of slavery is a significant contribution to understanding the growth of human rights **Slavery and the French**

**Revolutionists (1788-1805)** Anna Julia Cooper, 1988 This is a translation of a 1925 doctoral dissertation written for the University of Paris by a 67 year old black American expatriate woman who had been born a slave Her study of the French Revolutionists view of slavery is a significant contribution to understanding the growth of human rights [The Human Tradition in Colonial Latin America](#) Kenneth J. Andrien, 2013-05-02 The Human Tradition in Colonial Latin America is an anthology of stories of largely ordinary individuals struggling to forge a life during the unstable colonial period in Latin America These mini biographies vividly show the tensions that emerged when the political social religious and economic ideals of the Spanish and Portuguese colonial regimes and the Roman Catholic Church conflicted with the realities of daily living in the Americas Now fully updated with new and revised essays the book is carefully balanced among countries and ethnicities Within an overall theme of social order and disorder in a colonial setting the stories bring to life issues of gender race and ethnicity conflicts over religious orthodoxy and crime violence and rebellion Written by leading scholars the essays are specifically designed to be readable and interesting Ideal for the Latin American history survey and for courses on colonial Latin American history this fresh and human text will engage as well as inform students Contributions by Rolena

**Freedom as Marronage** Neil Roberts, 2015-02-11 What is the opposite of freedom In *Freedom as Marronage* Neil Roberts answers this question with definitive force slavery and from there he unveils powerful new insights on the human condition as it has been understood between these poles Crucial to his investigation is the concept of marronage a form of slave escape that was an important aspect of Caribbean and Latin American slave systems Examining this overlooked phenomenon one of action from slavery and toward freedom he deepens our understanding of freedom itself and the origin of our political ideals Roberts examines the liminal and transitional space of slave escape in order to develop a theory of freedom as marronage which contends that freedom is fundamentally located within this space that it is a form of perpetual flight He engages a stunning variety of writers including Hannah Arendt W E B Du Bois Angela Davis Frederick Douglass Samuel Taylor Coleridge and the Rastafari among others to develop a compelling lens through which to interpret the quandaries of slavery freedom and politics that still confront us today The result is a sophisticated interdisciplinary work that unsettles the ways we think about freedom by always casting it in the light of its critical opposite
