# Slavery And Jeffersonian Virginia

**Thomas Jefferson**

## Slavery And Jeffersonian Virginia:

**Slavery and Jeffersonian Virginia** Robert McColley, 1964 Slavery was a social and an economic institution of such power that it sustained and extended an economic system whose demands went far to determine the domestic and foreign policy of the agrarian party in our early history For the agrarian politics of Jefferson while possibly benefiting the small freeholder very closely served the interests of the plantation system at least as the planters conceived their interests From dust jacket first edition Slavery and Jeffersonian Virginia Robert MacColley, 1973 **Slavery and Jeffersonian Virginia** Robert MacColley, 1964 *Slavery and the Founders* Paul Finkelman, 2024-11-01 This text studies the attitudes of the founding fathers toward slavery Specifically it examines the views of Thomas Jefferson reflected in his life and writings and those of other founders as expressed in the Northwest Ordinance the Constitutional Convention and the Constitution itself and the fugitive slave legislation of the 1790s The author contends slavery fatally permeated the founding of the American republic the original constitution was as the abolitionists later maintained a covenant with death and Jefferson's anti slavery reputation is undeserved and most historians and biographers have prettified Jefferson's record on slavery **Equality, Status, and Power in Thomas Jefferson's Virginia** Jack Richon Pole, 1986 This study concentrates on the paradox that existed in colonial Virginia between the growing ideal of individual rights at the same time the institution of slavery was becoming more rigid and repressive Thomas Jefferson typified the colonial leader who abhorred the effect of slavery on whites and blacks alike but who depended on slave labor and saw no easy way to resolve the dilemma **Educated in Tyranny** Maurie D. McNinnis, Kirt von Daacke, Louis P. Nelson, Benjamin Ford, 2019-08-13 From the University of Virginia's very inception slavery was deeply woven into its fabric Enslaved people first helped to construct and then later lived in the Academical Village they raised and prepared food washed clothes cleaned privies and chopped wood They maintained the buildings cleaned classrooms and served as personal servants to faculty and students At any given time there were typically more than one hundred enslaved people residing alongside the students faculty and their families The central paradox at the heart of UVA is also that of the nation What does it mean to have a public university established to preserve democratic rights that is likewise founded and maintained on the stolen labor of others In *Educated in Tyranny* Maurie McNinnis Louis Nelson and a group of contributing authors tell the largely unknown story of slavery at the University of Virginia While UVA has long been celebrated as fulfilling Jefferson's desire to educate citizens to lead and govern McNinnis and Nelson document the burgeoning political rift over slavery as Jefferson tried to protect southern men from anti slavery ideas in northern institutions In uncovering this history *Educated in Tyranny* changes how we see the university during its first fifty years and understand its history hereafter **Slavery in America** Kenneth Morgan, 2005 Designed specially for undergraduate course use this new textbook is both an introduction to the study of American slavery and a reader of core texts on the subject No other volume that combines both primary and secondary readings covers such a span of time from the early seventeenth

century to the Civil War The book begins with a substantial introduction to the entire volume that gives an overview of slavery in North America Each of the twelve chapters that follow has an introduction that discusses the leading secondary books and articles on the topic in question followed by an essay and three primary documents Questions for further study and discussion are included in the chapter introduction while further readings are suggested in the chapter bibliography Topics covered include slave culture the slave based economy slavery and the law slave resistance pro slavery ideology abolition and emancipation The essays by such eminent historians as Drew Gilpin Faust Don E Fehrenbacher Eric Foner John Hope Franklin and Sylvia R Frey have been selected for their teaching value and ability to provoke discussion Drawing on black and white male and female experiences the primary documents come from a wide variety of sources diaries letters laws debates oral testimonies travelers accounts inventories journals autobiographies petitions and novels **Jefferson's**

**Freeholders and the Politics of Ownership in the Old Dominion** Christopher Michael Curtis,2012-04-30 Jefferson s Freeholders explores the processes by which Virginia was transformed from a British colony into a Southern slave state Focusing on ideas of ownership the book emphasizes the persistent influence of English common law on the state s political culture It uniquely details how the traditional principles of land tenure were subverted by the economic and political changes of the nineteenth century and how they fostered law reforms that encouraged the idea that slavery should replace land ownership as the distinguishing basis for political power The Elusive Thomas Jefferson M. Andrew Holowchak,Brian W. Dotts,2017-11-28 Thomas Jefferson s writings on morality have largely been ignored His thoughts on the subject never developed in any formal work are said to be unsystematic a judgment reinforced by his shift from Stoicism intentions are critical to Utilitarianism consequences are critical later in life Yet his writings and the moral works he recommended reveal much about his moral sense and views on good living Jefferson valued personal moral improvement had great respect for moral exemplars and drew inspiration from moralists sermonizers novelists poets historians and such role models as Professor William Small and his friend George Wythe **Religion and the Antebellum Debate Over Slavery** John R.

McKivigan,Mitchell Snay,1998 Essays discuss proslavery arguments in the churches the urge toward compromise and unity the coming of schisms in the various denominations and the role of local conditions in determining policies The Problem of Slavery in the Age of Revolution, 1770-1823 David Brion Davis,1999-04-15 David Brion Davis s books on the history of slavery reflect some of the most distinguished and influential thinking on the subject to appear in the past generation The Problem of Slavery in the Age of Revolution the sequel to Davis s Pulitzer Prize winning The Problem of Slavery in Western Culture and the second volume of a proposed trilogy is a truly monumental work of historical scholarship that first appeared in 1975 to critical acclaim both academic and literary This reprint of that important work includes a new preface by the author in which he situates the book s argument within the historiographic debates of the last two decades Sally Hemings & Thomas Jefferson Jan Lewis,Peter S. Onuf,1999 The DNA tests would not have been conducted had there not already been

strong historical evidence for the possibility of a relationship As historians from Winthrop D Jordan to Annette Gordon Reed have argued much more is at stake in this liaison than the mere question of paternity historians must ask themselves if they are prepared to accept the full implications of our complicated racial history a history powerfully shaped by the institution of slavery and by sex across the color line

**Jefferson and Hamilton** John Ferling,2013-10-01 For readers of Ron Chernow's Alexander Hamilton the spellbinding history of the epic rivalry that shaped our republic Thomas Jefferson Alexander Hamilton and their competing visions for America The decade of the 1790s has been called the age of passion Fervor ran high as rival factions battled over the course of the new republic each side convinced that the other's goals would betray the legacy of the Revolution so recently fought and so dearly won All understood as well that what was at stake was not a moment's political advantage but the future course of the American experiment in democracy In this epochal debate no two figures loomed larger than Thomas Jefferson and Alexander Hamilton Both men were visionaries but their visions of what the United States should be were diametrically opposed Jefferson a true revolutionary believed passionately in individual liberty and a more egalitarian society with a weak central government and greater powers for the states Hamilton a brilliant organizer and tactician feared chaos and social disorder He sought to build a powerful national government that could ensure the young nation's security and drive it toward economic greatness Jefferson and Hamilton is the story of the fierce struggle both public and ultimately bitterly personal between these two titans It ended only with the death of Hamilton in a pistol duel felled by Aaron Burr Jefferson's vice president Their competing legacies like the twin strands of DNA continue to shape our country to this day Their personalities their passions and their bold dreams for America leap from the page in this epic new work from one of our finest historians From the award winning author of *Almost a Miracle* and *The Ascent of George Washington* this is the rare work of scholarship that offers us irresistible human drama even as it enriches our understanding of deep themes in our nation's history

Political Leadership in Jefferson's Virginia Daniel P. Jordan,1983

Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1 David Y Miller,2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers

**Thomas Jefferson and the Rhetoric of Virtue** James L. Golden,Alan L. Golden,2002 Jefferson's commitment to virtue the authors argue helps explain his interest in rhetoric just as a study of his rhetorical philosophy leads to a deeper understanding of his commitment to virtue

BOOK JACKET

**The Long Affair** Conor Cruise O'Brien,1996-11-15 Following the slave insurrection in Haiti inspired by the French Revolution his revolutionary zeal was tempered and began to cool

**Notes on the State of Virginia** Thomas Jefferson,2022-01-01 The first edition of Thomas Jefferson's Notes on the State of Virginia to be based on both the 1785 first edition and the original manuscript Forbes provides excellent context for Jefferson's writing of the Notes exploring in depth the most controversial passages concerning race and slavery This along with careful editing of the text

allows scholars to appreciate and engage with the Notes in new ways Frank Cogliano University of Edinburgh Thomas Jefferson's Notes on the State of Virginia has been called the most important book written in America before 1800 In the first edition to be based on both the 1785 first edition and the original manuscript Robert Pierce Forbes uncovers Jefferson's extensive revisions situating the work in the context of transatlantic debates over slavery and shedding new light on Jefferson's shocking disparagement of African Americans This comprehensive annotated edition is a rich and valuable study of the work that catapulted the once little known former governor and diplomat to international fame Thomas Jefferson and the Fight against Slavery Cara Rogers Stevens,2024-01-29 In this groundbreaking work Cara Rogers Stevens examines the fascinating life of Thomas Jefferson's book Notes on the State of Virginia from its innocuous composition in the early 1780s to its use as a political weapon by both pro and antislavery forces in the early nineteenth century Initially written as a brief statistical introduction to Virginia for French readers Jefferson's book evolved to become his comprehensive statement on almost all facets of the state's natural and political realms As part of an antislavery education strategy Jefferson also decided to include a treatise on the nature of racial difference as well as a manifesto on the corrupting power of slavery in a republic and a plan for emancipation and colonization In consequence his book for better or worse defined the boundaries of future debates over the place of African descended people in American society Although historians have rightly criticized Jefferson for his racism and failure to free his own slaves his antislavery intentions for the Notes have received only cursory notice partly because the original manuscript was not available for detailed examination until recently By analyzing Jefferson's complex revision process Thomas Jefferson and the Fight against Slavery traces the evolution of Jefferson's views on race and slavery as he considered how best to persuade younger slaveholders to embrace emancipation Rogers Stevens then moves beyond Jefferson to examine contemporary responses to the Notes from white and black intellectuals and politicians concluding with an attempt by Jefferson's grandson to implement elements of the Notes's emancipation plan during Virginia's 1831 1832 slavery debates **Thomas Jefferson and Philosophy** M. Andrew Holowchak,2013-12-11 Though it is not uncommon for historians to have something to say concerning philosophical strands in Jefferson's thought that something is usually insubstantial often misleadingly so or inchoate Overall precious little has been said The significance of the man and the richness of his thought demands that this defect be remedied Thomas Jefferson and Philosophy is a collection of nine new essays on philosophical elements in Jefferson's writings The first of its kind this collection should lead to further philosophical analysis of Jefferson's thinking especially by philosophers who tend to appreciate Jefferson only as the author of the Declaration of Independence and to greater appreciation for the man who gave to statesmanship a large number of the prime of his years out of a moral sense of duty to others In that regard Jefferson was always first a philosopher This book will be a valuable read for students and scholars of history political theory and philosophy as well as anyone interested in the thought of Thomas Jefferson
