The Community Education Handbook:

The Community Education Handbook Robert I. Berridge, 1973

Community Education, Learning and

Development Lyn Tett, Ian Fyfe, 2010 Lyn Tett has developed her discussion of community education to include aspects of learning and development in this revised and expanded third edition of her popular text The book illustrates the conceptual and political debates surrounding the role purpose and practice of community education learning and development

Community Education Learning and Development moves behind the policy rhetoric to recognise and explore some of the tensions in current policy trends particularly the danger of seeing social marginalisation and exclusion as an individual problem rather than a result of structured inequalities A number of community education learning and development projects are examined to give a real sense of the approach being advocated and to make a case for a model of lifelong learning focusing on democratic renewal The task of community educators and those concerned with learning and development is not an easy one They must recognise competing interests but still enable voices that have been excluded to be heard whilst also seeking ways of building mutual understandings and cooperation The challenge for community education is considerable but this book provides a real sense of its possibilities for learning and development throughout life

Community Schools JoAnne Ferrara, Reuben Jacobson, 2019-05-24 Ferrara and Jacobson go inside community schools across the country to explore the different roles that make this collaborative education reform work This book provides practitioners policymakers family members youth and local leaders a greater understanding of the different roles that make up a community school and tools for action Built on years of practice research and continuous improvement community schools are an innovative effective and grassroots strategy for bringing schools and communities together in order to improve outcomes for students families and communities This education reform is growing as school site local and state leaders seek collaborative solutions to our schools most persistent challenges The contributors experts in the field represent a diverse group of people with longstanding commitments to the community school strategy From principals to family members from community partners to teachers this book illustrates how together we all have a part to play in the development of successful community schools

Community Education and Crime Prevention Carolyn Siemens Ward, 1998-10-01 Paperback released by IAP in May 2008 Scholars in various disciplines are recommending comprehensive measures to solve multiple societal as well as individual problems The philosophy of community education has been overlooked but is a workable comprehensive approach to addressing crime As used in this book community education is a philosophy process and program comprised of three overriding and interrelated elements community empowerment community problem solving and the effort to involve all community members in the pursuit of lifelong learning The Hyde Park neighborhood in St Louis has one of the highest rates of reported drug sales and high rates of homicide robbery

aggravated assault arson and burglary The community lays claim to several crime inducing variables including population loss a high percentage of population shift resulting in a higher percentage of black population and boarded up housing units a high rate of unemployment a very low per capita income and a high percentage of citizens living below the poverty line and a high percentage of female headed households Nevertheless the people of Hyde Park are participating in a crime prevention approach that is applicable to all communities Insights to urban life and problem solving are provided by community members covering such topics as policing and how it can be improved These insights and others offered by the author are supported by theories and philosophies found in the literature In the process of solving their own problems community members involve themselves in lifelong learning activities and leadership development Written in a style that is appealing to the general public as well as academics it is of special interest to educators community leaders criminologists academics in urban affairs and sociology social workers law enforcement agents and politicians Resources in Education ,2000-10
