Consultation for Organizational Change

Anthony F. Buono, David W. Jamieson, 2010-09-01 This volume is a joint publication in the Research in Management Consulting and Contemporary Trends in Organizational Change and Development series This dual focus reflects the reality that consulting for organizational change is a special type of management consultation a complex field of endeavor that requires a broad range of skills and competencies To be truly effective change related consulting requires a unique client consultant relationship a special set of consulting skills an expertise in human and organizational systems and significant personal qualities It is in high demand in a world full of change Yet we still know relatively little theoretically about this type of consulting and have relatively little empirical evidence about what actually works and why As the contributors amply illustrate the Organization Development OD field has a well developed set of frameworks technologies and models of change Still we need to focus on and learn more about the role of the OD consultant as a special kind of change agent A goal of this joint volume is to increase that specific body of knowledge and provide an illustration of much needed collaboration in bringing all possible resources to bear on our understanding of an increasingly critical and essential form of consulting
