The Complete Home Buying Guide:

How to Buy a House the Right Way Mark Kennedy, 2012-01-12 America is in the midst of the greatest real estate buyer's market in history. Yet many home buyers get taken advantage of every day by unscrupulous sellers, real estate agents and mortgage lenders. This book is your defense against those wolves in sheep's clothing. Nothing is more powerful than an educated buyer. With the knowledge gained from this book, anyone can become an expert home buyer, no matter if this is their first or thirty-first house purchase. *How to Buy a House the Right Way* is a complete home buying guide for both first-time home buyers and those who have bought several homes. Mark Kennedy, a 20-year real estate and mortgage industry veteran, shares all of his tips, tactics and secrets for making the home buying process both smooth and enjoyable. After all, buying a new house is supposed to be fun. Mr. Kennedy discusses all aspects of home buying, from the mortgage process to finding and buying the right home. This book, updated in 2012 for today's real estate and mortgage market, includes great information such as everything you need for a successful mortgage transaction, including what not to do, how you can still buy homes for as little as 100 down, how to shop for your home the right way, home buyer traps to avoid and much more. He even shares the secret tricks and scams that mortgage lenders have used for years to steal money and profits from unsuspecting buyers. This book can save you time, money and frustration in your next home purchase. Don't allow yourself to be an uneducated buyer. This book is the second printing of *How to Buy a House the Right Way* and is part of Mark Kennedy's Smart Living series, which also includes *The Credit Repair Black Book: Credit Repair Secrets and Strategies the Credit Bureaus Won't Tell You*, available on Amazon in both paperback and Kindle versions. The Complete Idiot's Guide to Buying and Selling a Home Shelley O'Hara, Nancy D. Lewis, 2006 Whether they're buying their first time, moving up to something new, downsizing or buying for an investment, people interested in real estate are proving themselves to be very savvy. They are interested in books that will help them in their research, save them money, make the process easier and help them feel they're getting the best deal they can. In short, they want to know what real estate agents and brokers know. While other books cater to the first-time home buyer or only tout the benefits of letting an agent do all the work, *The Complete Idiot's Guide to Buying and Selling a Home*, Fifth Edition, gives a more complete approach that's already popular with readers today. With terrific word of mouth and great reviews, this top-selling guide focuses on a total approach to buying a new home. [The Wall Street Journal.
