in order to more effectively compete with *Philosophy for Dummies* which at 360 pages is 100 pages over our current edition. By its very nature philosophy is not subject to a great deal of change over time and therefore can be expected to continue to perform at or above current levels. Philosophy is all about being knowing and acting. It poses daring questions such as what exists, what counts as knowledge, and how do we know things. And as life becomes more and more complicated, people turn to philosophy to help themselves better understand the world around them: politics, religion, family, the environment, and more. The *Complete Idiot's Guide to Philosophy* Second Edition will continue the first edition's success in exposing beginners to the world of philosophy, its ideas, and its philosophers. It will contain expanded content on existing ideas and philosophers covered in the first edition, but it will also introduce new philosophers whose ideas were not included in the first edition but whose contributions to the world of philosophy are perhaps now less obscure.

The Complete Idiot's Guide to Past Life Regression Michael R. Hathaway, D. C. H. Hathaway, 2003 Judging by the more than 2 million web pages dealing with past lives and past life regression, PLR people aren't only seeing dead people; they're interested in finding out whether or not they were some of those dead people in a previous life. Going way beyond a belief in reincarnation, karma, regressionists want to know who they were and what their lives were like, and reputable psychiatrists are using hypnosis to reveal the past life issues that are keeping their patients from living better lives today. In *CIG to Past Life Regression*, a board-certified past life regression therapist reveals the ins and outs of PLR. Is past life regression for real? Are children really closer to their past lives than adults? Can I be hypnotized, and can I trust the hypnotist, and what he/she tells me? What will a session be like? Is one session enough? And what about self-hypnosis? How can knowledge of past lives make my life better today?
