The Complete Military History Of The Civil War

John Keegan

The Complete Military History Of The Civil War:

Complete Military History of the Civil War W H Smith Publishers,1990-10-01 The Complete Military History of the Civil War Douglas Welsh,1990 This book presents the full story of this greatest of American wars in one concise authoritative and lavishly illustrated volume **The Longest Night** David J Eicher,2002-03-30 A riveting indispensable history of the Civil War told chronologically from the first shots fired at Fort Sumter to the surrender in the summer of 1865 a conflict that James McPherson in the Foreword calls the most dramatic violent and fateful experience in American history In this compelling account of the American Civil War noted historian David Eicher gives us an authoritative history of battle from the first shots at Fort Sumter to Lee s surrender at Appomattox As a strictly military history The Longest Night covers hundreds of engagements both well known and obscure including the oft neglected Western theater and naval actions along the coasts and rivers The result is a gripping popular history that will fascinate anyone just learning about the Civil War while offering more than a few surprises for longtime students Drawing on hundreds of sources and excerpts from correspondence by those who fought the war The Longest Night conveys a real sense of life and death on the battlefield In addition Eicher analyzes each side s evolving strategy examines the tactics of Lee Grant Johnston and Sherman and discusses significant topics such as prisons railroads shipbuilding clandestine operations and the role of African Americans in the war This is an definitive chronicle of the war that as the author writes like no other conflict in our history casts a long shadow onto modern America *American Civil War* Douglas Welsh,1981 How the North Won Herman Hattaway,Archer Jones,1991 Covers the essential factors which shaped the battles and ultimately determined the outcome of the Civil War **The Civil War** Douglas Welsh,1981 *Civil War Complete Military History* Outlet,Outlet Book Company Staff,1984-09-27 **Encyclopedia of the American Civil War** David S. Heidler,Jeanne T. Heidler,2000-12-13 An award winning and highly recommended comprehensive reference set on the political social and military aspects of the American Civil War *The American Civil War* John Keegan,2009-10-20 The greatest military historian of our time gives a peerless account of America s most bloody wrenching and eternally fascinating war In this magisterial history and national bestseller John Keegan shares his original and perceptive insights into the psychology ideology demographics and economics of the American Civil War Illuminated by Keegan s knowledge of military history he provides a fascinating look at how command and the slow evolution of its strategic logic influenced the course of the war Above all The American Civil War gives an intriguing account of how the scope of the conflict combined with American geography to present a uniquely complex and challenging battle space Irresistibly written and incisive in its analysis this is an indispensable account of America s greatest conflict Civil War - a Concise Military History of the War Between the States 1861-1865 - Adapted From American Military History, Office of the Chief of Military History, United States Army U.S. Dept. of the Army. Office of the Chief of Military History,J. W. Howard,M. Matloff,1978 **A Complete Military History and Record of the 108th Regiment**

N.Y. Vols., from 1862 to 1894 George H. Washburn, 1894 **A Savage War** Williamson Murray, Wayne Wei-Siang Hsieh, 2018-05-22 How the Civil War changed the face of war The Civil War represented a momentous change in the character of war It combined the projection of military might across a continent on a scale never before seen with an unprecedented mass mobilization of peoples Yet despite the revolutionizing aspects of the Civil War its leaders faced the same uncertainties and vagaries of chance that have vexed combatants since the days of Thucydides and the Peloponnesian War A Savage War sheds critical new light on this defining chapter in military history In a masterful narrative that propels readers from the first shots fired at Fort Sumter to the surrender of Robert E Lee's army at Appomattox Williamson Murray and Wayne Wei-siang Hsieh bring every aspect of the battlefield vividly to life They show how this new way of waging war was made possible by the powerful historical forces unleashed by the Industrial Revolution and the French Revolution yet how the war was far from being simply a story of the triumph of superior machines Despite the Union's material superiority a Union victory remained in doubt for most of the war Murray and Hsieh paint indelible portraits of Abraham Lincoln Ulysses S Grant William Tecumseh Sherman and other major figures whose leadership judgment and personal character played such decisive roles in the fate of a nation They also examine how the Army of the Potomac the Army of Northern Virginia and the other major armies developed entirely different cultures that influenced the war's outcome A military history of breathtaking sweep and scope A Savage War reveals how the Civil War ushered in the age of modern warfare **Shades of Blue and Gray** Herman Hattaway, 1997-05-29 Hattaway extrapolates from recent works by revisionists William Skelton and Roy Roberts to illustrate convincingly that the development of military professionalism is not entirely a post Civil War phenomenon **A Great Civil War** Russell Frank Weigley, 2000 Major new interpretation of the events which continue to dominate the American imagination and identity A Military History of the Cold War, 1962-1991 Jonathan M. House, 2020-09-24 Study of the Cold War all too often shows us the war that wasn't fought The reality of course is that many hot conflicts did occur some with the great powers weapons and approval others without It is this reality and this period of quasi war and semiconflict that Jonathan M House plumbs in A Military History of the Cold War 1962-1991 a complex case study in the Clausewitzian relationship between policy and military force during a time of global upheaval and political realignment This volume opens a new perspective on three fraught decades of Cold War history revealing how the realities of time distance resources and military culture often constrained and diverted the inclinations or policies of world leaders In addition to the Vietnam War and nuclear confrontations between the USSR and the United States this period saw dozens of regional wars and insurgencies fought throughout Asia Africa and Latin America Cuba Pakistan Indonesia Israel Egypt and South Africa pursued their own goals in ways that drew the superpowers into regional disputes Even clashes ostensibly unrelated to the politics of East West confrontation such as the Nigerian Biafran conflict the Falklands Malvinas War and the Indonesian occupation of East Timor involved armed forces weapons and tactics developed for the larger conflict and thus

come under House's scrutiny. His study also takes up nontraditional or specialized aspects of the period including weapons of mass destruction, civil-military relations, civil defense, and control of domestic disorders. The result is a single integrated survey and analysis of a complex period in geopolitical history which fills a significant gap in our knowledge of the organization, logistics, operations, and tactics involved in conflict throughout the Cold War. *The Civil War* M. David Detweiler, 2014-11-15. *The Civil War: The Story of the War with Maps* combines the colorful, detailed maps of an atlas with the vivid storytelling of the best narratives to piece together the nation-spanning jigsaw puzzle of the American Civil War. See the conflict develop from a few small armies into total war engulfing the whole South. The campaigns and battles are all here with maps zooming in on the maneuvering and attacking armies: Bull Run, Shiloh, Antietam, Fredericksburg, Chickamauga, Chattanooga, the Wilderness, Atlanta, and more. The nationwide perspective, absent from so many other books and shown here on full-page maps, connects these dots into a cohesive story of the entire war from the Atlantic Ocean to the Mississippi River, from Pennsylvania to the Gulf of Mexico. Distilling events into their essentials, the text focuses on the military history of the conflict and its cast of colorful commanders: Lee, Grant, Sherman, McClellan, and Stonewall Jackson. Captures all the war's intensity and human drama, its epic sweep from Sumter to Appomattox. The result is a unique book that educates, enlightens, and entertains. An ideal introduction for newcomers, refresher for buffs, and companion to other books during the war's 150th anniversary and beyond. **Land Campaigns of the Civil War** Paul Calore, 2013-07-31. This campaign-by-campaign analysis of the War Between the States presents the action from the opening shots at Fort Sumter to the furled flags at Appomattox. Battles, both obscure and famous, are examined in detail, covering each army's move and countermove. Commentary is provided on the individual battles with attention to the role each conflict played in the greater scheme of the campaign and the war. The chronological arrangement of the campaigns allows for ready reference regarding a single event or an entire series of campaigns. The text is both clear and thorough, focusing on strategy and military successes and failures. An introduction to the events leading up to the war lays the groundwork for the military analysis. Maps and an index are also included. Palgrave Advances in Modern Military History Matthew Hughes, 2006-09-25. This book provides a concise and accessible introduction to modern military history. The collection is a clear and up-to-date survey of the significant debates, interpretations, and historiographical shifts for a series of key themes in military history. Each chapter is supported by notes and a brief bibliography outlining further reading. A Surgeon in the Army of the Potomac Francis M. Wafer, 2008. Lured across the border by promises of opportunity and adventure, Francis M. Wafer, a young student from Queen's Medical College in Kingston, joined the Union's army of the Potomac as an assistant surgeon. From the battle of the Wilderness to the closing campaigns, Wafer was both participant and chronicler of the American Civil War. Cheryl Wells provides an edited and fully annotated collection of Wafer's diary entries during the war, his letters home, and the memoirs he wrote after returning to Canada. Wafer's writings are a fascinating and deeply personal account of the actions, duties, feelings, and perceptions of a

noncombatant who experienced the thick of battle and its grave consequences The only substantial account by a Canadian Civil War soldier who returned to Canada A Surgeon in the Army of the Potomac fills a critical gap in American Civil War historiography and will have broad appeal among scholars and enthusiasts *Military Reminiscences of the Civil War* Jacob Dolson Cox, 2018-09-20 Reproduction of the original Military Reminiscences of the Civil War by Jacob Dolson Cox
